

Save Michigan's Public Schools

RALLY at the Michigan State Capitol

with featured speakers

Sen. Gretchen Whitmer & Sen. Bert Johnson

and Master of Ceremonies

Tony Trupiano

Other speakers include K-12 students, parents, educators, legislators,
and concerned citizens from communities across Michigan.

Date – Wednesday, June 19th Time – 11:30 a.m.

Save Michigan's Public Schools is a non-partisan grassroots network of concerned citizens. Our goal is to connect parents, students, educators and communities across Michigan and raise awareness of threats to public education.

We believe a free, quality public education is the cornerstone of a democratic society. We believe every child in Michigan deserves access to equal and excellent educational opportunities through public education. We believe public education must be locally-controlled, fully-funded, delivered by highly qualified professional teachers, and devoid of corporate involvement.

To this end, we support policymakers and public officials who reject the corporate, profit-motivated takeover of public schools, massive school closures, and meaningless high-stakes testing. We support wise policies and laws that forward sound, research-based, evidence-based solutions to support and improve our existing public school system.
