INTERVIEW COMPLAINANT:
The following interview was recorded by audio and video in the interview room at the MSP Lapeer Post. The door to the interview room was left unlocked and open during the interview. Below is the interview with the complainant, Todd Courser. The interview began at approximately 1146 hours and concluded at 1419 hours.

Courser advised that he was being "blackmailed" by text messages. I advised that the MSP can temporarily seize his phone. I spoke with Courser on the process for searching his phone.

Courser advised that he ran for state representative and created a lot of enemies along the way. He advised that he is a "very liberal/conservative guy". Courser advised he was sworn in during the month of January 2015. Right away there were issues with surveillance and monitoring out of Lansing. I asked what he meant by surveillance, and he advised it was a "bowl" as if everyone is watching. He has been married for 18 years and admits that an affair took place. He stated "They" figured it out. "Whoever they are". The affair took place at the beginning of the year. Courser advised that these people started texting sometime in May. He deleted some of the first messages and ignored them afterward because they were "Whatever" and "They were garbage". May 19th is the date of the first text message that is still on his phone. "I think there was more, but I think I deleted them", Courser states. Courser showed some of the messages to me during the interview and read the messages from his phone. The first message is from May 19th. The first text messages mentioned that it was a "burner phone" and that Cindy was "great under the sheets however you (Courser) have no stamina.. silence can be very deadly." Courser advised that this was "weird" and that he ignored it by never responding. On the 20th, this unknown person names Courser's mother, Joe, Dan, and Fon and states it could be disastrous to your career and your family. Courser advised that he just got back from DC at this time. He read the texts stating that "I thought you two were going to be alone but you dragged your family along and cost me $1200." The texts continued and Courser advised that it said "Todd, have your phone swept. Why do you only have 4 vets? We're everywhere". I asked what it is referencing, and Courser advised that it "was a piece of legislation where I was having a conversation with my phone, and so he was letting me know that I could hear you." Courser advised that it was "creepy", and he had no idea who this person was that was texting him. Courser stated "Hell no" when I asked if he knew who it was that was texting him.

Courser read another text "What are they going to do to defeat you when you're an incumbent? They won't need $150,000, they have me". Courser advised that this person was letting him know that the surveillance was there. Courser advised that this person goes into it further detail later on stating that there are emails, texts, audio, and video. Courser continued reading "Messages will come from a different number soon. This one is getting dumped. Nobody's asked what my intentions are... what I want.. odd?" Courser advised "before these texts start, my mother knows about the affair and at this moment I am telling my wife." At that time, Courser advised he was trying to figure out how. Courser advised that he was telling them prior to receiving the text messages.

Courser continued reading "I don't have a desire to destroy families. I don't give a rat's ass about politics. Vaupel sucks though. You both know that I hold significant evidence of your affair." Courser advised me that she (Cindy) is at this point getting similar texts. Courser states that sometime around the 20th or 21st of May, his brother was also getting the same texts. I asked him again when his brother was receiving the texts and he stated he thinks it was the 21st or 22nd. Courser advised at that time, all his family knows about the affair. Courser continued reading "Relax.. I'm not leaking anything yet. Pay people better to keep quiet. I pay them better for info.. Radisson". Courser advised that this person was referring to the Radisson hotel in Lansing. He read, "Let me make this crystal clear. I need some open dialogue. I've heard from you, Cindy. Courser advised that Cindy had responded to the messages she was receiving. Courser then mentioned that Cindy was having a press conference on this date, and that it was going to blow up around the world.

He continued reading, "Better tell Todd to man up. As long as I'm appeased, my cargo will never reach port so to speak. Can I please get a confirmation?" Courser advised that he never responded or confirmed to the text. Courser continued reading "Good afternoon, contrary to what you may think, I have other cases I'm working."

Courser paused and said that he believes he told his wife around this time or was thinking about talking to his wife about the affair. He continued reading, "Todd, go to your weekend retreat. Enjoy this last holiday as a state employee. Big changes next week kids as I change the political landscape. You both can prevent this really. You never asked how. I can show your whereabouts when not in session, meetings or together. Those whereabouts do not include seedy alleys in Lansing having sex with men Todd. Grow up. I sell non- fiction, you however spin fairy tales and fiction. That email can't find another inbox... Oh, change your passwords too. Dumb.." Courser stopped and advised that this was significant because this unknown texter had known his information.

Courser advised that it was only by text messages. He advised he was trying to decide who this person is and he suspected his staff. Two staffers were with him for a long time but he was wondering who it could have been in his staff. He advised he was changing his passwords, afraid that they had the information because his staffers have access to all the relevant information. Courser advised in doing so, "The guy is still giving me indication that he is doing these things". I asked him if he received any suspicious emails or anything to connect his staff and he advised "No".

Courser advised at this time he decided to send out an email as a "misdirection" and also known as a "false flag email". This email involved a lot of very "lewd conduct". Courser advised that he has already admitted to sending it and the public knows all about it. Courser sent it out and see where it came back. He had a conversation with one staffer and found out that he had audio recorded it. He advised that there were a lot of gaps and pauses in it. He advised the public is only getting a portion of what was actually said. Courser advised that he went back and forth with this staffer to try to see whether he was on the "same team or not". I asked if this was a face to face conversation and he advised that is was and took place at his office in Lapeer at 10pm on the 19th. Courser advised everything in the email that he had sent out previously that all of it was not true. Courser advised that this staffer does contract work out of Coursers office. He advised that the staffer had recorded the conversation without his knowledge. Courser advised that what it sounded like on this audio tape was that he was trying to persuade the staffer to send out the email but when in fact Courser was trying to find get the staffer to admit that he is involved in the "blackmailing plot". The public doesn't know that. They believe its just a cover up. Courser advised that his family already knew so that it didn't make sense that he would that.

Courser began reading more texts "I'm letting everybody off the hook... on one condition only. You resign Todd, Tuesday. Mention your health, your new found family bond. Do not mention Cindy at all. Call me karma. This is for the others too!" Courser advised me that this person is sending the same exact texts to his brother as well. Courser advised that he doesn't get group texts on his phone. Courser advised that his brother went back and forth with the texts and responded several times to this unknown person. Courser advised that he never responded to the texts and only received them.

Courser read "Rise and resign Todd.. rise and resign day." Courser commented that it was about referencing his family and health. He continued reading "Good morning, hope you found your soul- searching weekend peaceful." Courser advised that only one of his staffers knew that he has health issues. He stated that recently he has been going through testing but didn't say specifically what the health issues were. Courser advised that he brought each staffer in individually and have interviews with them. Courser advised that the one staffer had a lot of "stuff" on him that includes video, audio, etc. Courser advised that he believes he knows of five

possible suspects. Courser continued reading and a media reporter's name was listed, Tim Skubick. Courser advised that he had not talked with Skubick at all about the matter. The person sending these texts advised that Skubick was questioning the authenticity of some of the audio.

I asked Courser when the audio and information was released to the public and he advised Friday, 08-07-15. Courser advised that it started in May and continued until this month. Courser advised that in the texts it mentioned the use of an anonymous source. Courser stated that Skubick wouldn't be that way and would get the exact facts to back up his stories.

Courser advised that at this time he was trying to figure out who this person is and was talking to his wife about the situation. Courser advised that Cindy had no idea and advised the five people that he had put together as being suspects was what he had "surmised" as being the persons of interest.

Courser mentioned about tracking the phone number and he stated that the phone number was not active any more. I asked if he had checked into the phone number and looked into the matter. Courser advised that he had already been to the FBI but they were telling him to come to the Michigan State Police. I asked him again if anyone else has looked into the matter and he failed to answer my question. Courser proceeded to advise that the "reason I didn't come to you guys sooner, Cindy went to the Capital Police thinking that they were going to hand it off to the Michigan State Police but they didn't. They turned it over to the Speaker's Office. I asked when did she report it to the Capital Police and he advised that he believed it was on Friday, August 7th. Courser stated he didn't know the details on this.

He continued reading the texts from the unknown person that there was video evidence, etc and the texter requested Courser to call a personal cell number of: 517-643-0013. Courser said he never called or contacted this number. He continued reading the texts "Uh oh! Good luck! Just got back to the states and heard the news. Wow.. firing staff!" Courser advised that he fired two staffers. One was his staffer and another was Cindy's staffer. Courser advised that sometimes they would share staffers and these two were shared. Courser advised that the media was saying that there were misuse of state funds and the staffers had been fired. Speaker of the state house has said that there needs to be an investigation. Courser stated the Speaker's Office was informed by these staffers that there was a conversation that took place of which Courser stated never happened on state time or state property with someone he thought he was friend's with. Courser advised that the Speaker's Office was in a soft spot and was trying to save their own credibility because they didn't have any knowledge but they met with them days later. Courser continued reading the texts and the texter advised that he had seen Courser at the Great Lakes Crossing and advised that "you guys are easy and idiots". The texts continued advising that this texter was meeting with the Speaker of the House. Courser advised that he believed this unknown texter had some "connections". Courser advised that the texter continued and advised that he was speaking to Keith, Ben, and Joe. I inquired about who Keith and Ben were. Courser advised that Keith was a chief of staff and one of the two that was fired. Ben was a general staffer and let go at the same time Keith was let go.

Courser advised that Ben was intentionally taping him. Courser proceeded to name a civil case and mentioned that taping without the other's knowledge may be illegal. Courser then answered my questioning reference Keith and Ben. Courser advised of another staffer being Joshua Kline who resigned. Courser advised that Ben and Joshua had a partnership in his office. I asked if he knew that they were possible suspects and Courser

advised that they were 3 of the 5 suspects. Courser advised that all three, Ben; Keith; and Joshua, were very close. Courser advised of David Forsmark who joined partnership with the previously mentioned three.

Courser made a trip to Washington DC prior to the texting in the month of April. Courser advised that the previously mentioned four were all political operatives. Courser advised that they were fired because they were incompetent. Courser advised that Joseph Gamrat was friends with all them.

Courser advised that nothing was done through email or facebook or social media. He then noted that he believes we will only be able to get testimony from others.

Courser then advised that Ray Kline had approached him on facebook messaging. Kline wanted to sit down with Courser and meet with him. Kline reportedly had sensitive information about Courser. Courser never met with him.
Courser stated that another person named Larry Moyer had done the same as Kline. Courser noted that Kline was attempting to be specific about certain incidents and that they had communicated back and forth enough to be suspicious that he may have something. Courser suspected Larry Moyer and Ray Kline as being possible suspects.

Courser advised that the texts somehow link between the five or so persons he suspected. He believes they may be involved due to the fact that they had access to his personal information as staffers.

Courser noted that his phone number was pretty well known world wide and that it was not considered to be private.

Courser read more texts stating that his (Courser's) wife had an affair before he did. Courser advised that he had no idea what that is about. Courser advised that the next texts stated "I may need some funds. Offer to help?"

Joseph Gamrat's phone number was listed in the next text being: 260-504-6649. Courser advised that in the texts, the texter names Dan and Tim as being possibly linked to the phone number. Dan being Courser's brother and Tim being Cindy's brother in law. Courser advised that he found out it was Joseph's TX.

Courser then advised that the only person that has heard the audio was Joseph Gamrat. Courser advised that he doesn't know what the audio is. He advised that Cindy told him about the audio of being some conversations and then "illicit sounds" and that Joseph had heard the audio. Courser advised Cindy told him at the beginning of the affair.

Courser read the final texts from his phone being on August 7th: "Amazing.. what would have happened if you simply listened.. too late.. kaboom..." The texter asks for both Todd and Cindy to resign and mentions "Chad". Courser advised that "Chad" is the reporter that broke the audio from Ben to the media. The texter states that Ben has pictures and video, some being "steamy" and tells Courser to resign now or it will be released.

Courser advised Keith and Ben had confirmed that Courser's office had been wire tapped. They told a staffer, Ann Hill, who is a staffer for Gamrat.

I asked if the texts had skipped any months or if they were continuous. Courser advised that he didn't think they did but advised they "slowed down some in July some". Courser advised he took photos of each of the texts including his brother's.

I advised Courser that we could seize the phone temporarily but he did not want to leave the phone with the Post. Courser advised that he would like to be along side the computer tech when the download and search is being completed.

Courser advised that there was no mention of a threat involving money other than that which was mentioned above on July 21st. Courser inquired about a charge of extortion or similar charge involving a public official. Courser advised that he has not consulted with his lawyer at all. Courser advised there has been no other threat than that of someone releasing information to the public about his affair with Cindy.
Courser advised that he had some people look at the phone number from the unknown texter. He advised that a name of "Renee Leech" had come up. I asked him if he has had anyone look into the matter I.E. private investigator. Courser advised "No".

Courser attempted to find the person that checked the number but couldn't locate his information on his phone during this time of the interview. Courser advised that he did not do any checking whatsoever and that the whole world had checked it out.

In summary for the initial part of this interview, I inquired about when the family found out about the affair and incident. Courser advised that it was either just before May 19th or just after May 19th. Courser advised that he just couldn't get his dates right.

Courser advised that his brother emailed him the texts that he received on his phone.

Courser stated that if someone looks at this whole story, it looks like its all made up. "Its totally made up... but the problem is, it happened".

I asked him if he had the false flag email and Courser advised that he can provide a copy. Courser advised that there are probably a "kernal" of truth in the email but for the most part it is a lie. The initial portion of the interview was concluded by a summary and clarification of what was discussed.

I asked Courser if he wanted to make a voluntary statement but he denied and wanted time to type up the statement for a later date.

He also wanted to advise that a name of Renee Leech was brought to his attention by a person on Facebook but didn't provide any further information on it. He attempted to access facebook at the Post but could not receive a connection. I stepped out of the interview room at approximately 1250 hours and returned at approximately 1334 hours.

I asked Courser if he was willing to temporarily turn over his cell phone so that the Computer Crime Unit would be able to pull the text messages and facebook messages in question off from the phone. Courser

responded with "I don't know what you are thinking but could you be without your phone for two weeks?" I explained again what the process would be in seizing the phone. Courser advised that "I am not giving you my phone. With all that has happened...Someone could put something on it". I advised him that we all could lose our jobs if that was to happen and he responded, "There is no way I could prove that it didn't happen". Courser advised that he wanted to sit down next to the computer tech while he was downloading the phone. Courser did not want to leave the phone without him being present. Courser advised that he has been living in surveillance for 6 months and didn't want to turn over the phone.

I asked about Renee Leech again and he advised that someone did a search online but doesn't know who. Courser advised that he was approached at an event by a person that located this name online. Courser does not know who this person was that approached him. Courser advised that he was at a lot of events and could not remember. Courser advised that he will track down the name but if we were to search ourselves that we could find it.

Courser advised that another hispanic male name was brought to his attention after speaking with a Jeff Phillips who is a facebook friend. Courser advised that he is only a friend from the Kingston or Caro area. He did a search and the number came back to this name. It is unknown where the search was completed.

Courser advised that Jeff Phillips approached him on Facebook and found the name as noted above. Courser advised that he found this around the time of August 7th, 2015. Courser advised that Jeff was a "phone guy". Courser stated that he didn't look it up because that's the reason he is coming to the State Police.

I inquired Courser about approaching Ben on sending out the "false flag email", and Courser advised that "he did not send out the email". I asked him if at any point that he had any conversation with Ben about sending the email. Courser responded "I had conversations with him leading up to that night which aren't on the tape discussing that someone was blackmailing me. Ben was the only one that knew I sent out the email." I asked him when the email was sent out and Courser advised it was sent out on May 19th. Then he changed his date immediately advising May 20th. He advised he sent it out on May 20th. Courser advised that the texter texted him back on the 21st and said "I know that was you that sent that out". Courser believes that because the only person that knew about the email was Ben, and believes Ben is the one to have been texting him. Courser advised that he told been about the affair on the 19th to Ben. Courser advised that Ben never sent out the email but did assist. I asked him, "So you asked Ben to assist, although you thought he was a possible suspect?" Courser responded, "Yes... he has been a friend for a long time."

I asked him why he would attempt to use Ben as a "double agent" if he suspected him at the same time asking him to assist in sending out a fake email. I asked him if he thought that any of the information that Ben already knew could have been in the text messages. Courser advised that he did not understand. I confronted Courser on the fact that he stated he wanted to "inoculate the herd" and assist in sending out this email. Courser agreed with the statement. Courser advised that Ben is a "tech guy". Courser advised that Ben knew everything about his accounts and passwords. Courser stated he, himself was able to send out an email but Ben was more involved. He advised that he couldn't remember the exact detail because it was three months ago. I confronted Courser again on the dates of which the email was sent, the texts were sent, and Ben's knowledge of the incident. I asked Courser if he knew he was the suspect, why treat him as a "double agent type". Courser

interrupted me and advised that "you guys are better at that type of stuff and Ben is a friend... I was hoping that (him as the suspect) was not the case". Courser stated that Ben advised "No" in helping him to send out the email at the same time Ben was taping him, according to Courser.

I asked Courser why he waited all this time to report the incident. Courser advised that he met with the Lapeer County Sheriff about tracking a number. I asked when he asked him, and Courser advised he checked in June. Courser then stated he was trying to work through it with his family in the background, attempting to prove that Ben was the one who was the suspect. Courser advised "I still can't prove that he was the one that did it, other than the fact that he has been taping me". Courser advised that he did not report it to the sheriff in Lapeer. I asked him again why he hadn't reported it since May. Courser advised that he didn't have any of the details together.

Courser advised that it wasn't a smart decision when I confronted him again reference the email. Courser advised, "Right" when I told him that in sending the email, could it be a reason for a cover up over his affair. He further added again "it was a bad choice"- referring to sending out the email.

Courser advised that Ben is the only person he has for any type of email or tech work. I told Courser that he, himself is capable of writing an email and sending it out. Courser agreed and said he was cabable. I asked Courser why he felt the need to specifically meet Ben for that reason. He advised that he didn't need him other than for the fact that he thought he might be "the guy".

I confronted Courser again on the reason for sending out the email was to cover up the affair and down play what had taken place, and what his family already knows. Further that his family knew, so why did he feel the need to send out the email. Courser started to agree but then advised that it wouldn't work like that. He stated he would have to send it out to thousands of people and instead he only sent it to approximately 200 people. Courser said that he sent it out to try to see if he could locate the person who was blackmailing him and it worked because the unknown texter sent a text back to him about sending out the email. Courser still advised he didn't know who it was because the texter is unknown and only suspects its one of his staff.

I asked Courser if he was the one to send the text messages. He laughed and replied "No". He advised that I could talk to his brother in regards to this.

I asked Courser if it is a fair statement to agree that he, while thinking it was a poor decision to send out the email, sent out the email to attempt to cover up his affair while using Ben in the process. Courser responded, "Well..... there is multiple reasons for doing it. That would be a fair reason... but.." I also added other reasons confronting Courser with how he was feeling guilty about it, the fact that Cindy has reported it earlier, and how now she is having a press conference on this date. Courser only replied "I thought that the State Police were already looking into it and I went to the FBI." I advised him that he was the complainant. Courser then answered "Cindy is the complainant too and they are asking her to resign as well". Courser then advised that he went to the sheriff and the FBI. Then Cindy went to the Capitol Police. Courser continued " They all told us we needed to go to the State Police". I asked him if there was a reason why he didn't come to the State Police in the first place, and Courser replied "No.. there is no reason."

I asked him the reason for going to the sheriff's office, and Courser said he knew Ron (Sheriff), asking him how to track a "burner phone in relation to this". I was attempting to ask him of why he hadn't reported it for all this time, and Courser interrupted advising me "if you have the resources, then you can see its me.. so just track it". Courser advised that he did not send out the text messages to himself. Courser advised that he is happy to face a felony charge of a false police report.

I asked why he has not reported it since the month of May. Courser advised that there was nothing to report because nothing was released to the media until now. Courser advised that he was coming into the Post to report of being blackmailed and that he wanted to know whether we were going to investigate it or not. Courser stated "bring it". Courser asked for an investigation or he wanted to go to Lansing MSP for a report. I advised him continuously that the matter will be investigated. Courser became agitated at the end of the interview and advised that he did not want to turn over his cellphone. Courser mentioned that he was at the Apple Store prior to this interview repairing his cellphone because he was having trouble with his email. I requested that he provide me with a copy of the email in question, the name of the hispanic male assigned to the phone number in question, the name of the person who approached him at the event with the other name "Renee Leech", and also provide his cellphone for the Computer Crime Unit. The interview concluded.

REPORT OF EXTORTION

JOURNAL:
None.

CONTACT FBI:
On 08-17-15, I made contact with FBI Agent Hauxhurst by TX. He advised that Todd Courser came into file a report on 08-11-15. Agent Vandenbossche has been assigned to the assessment. The FBI has not initiated a criminal investigation at this time and are only completing an assessment of the case. Courser's cellphone was not processed by any of their computer technicians during the time Courser made the report to their office.

CONTACT CAPITAL POLICE:
On 08-17-15, I made contact with D/Sgt Kraig Britvec- MSP Capital Post by TX and updated him on the case.

At a later time on 08-17-15, D/Sgt Kraig Britvec arrived at the MSP Lapeer Post to brief on the case and turn over a dvd disc of Facebook screenshots/social media and a audio recording of a response from Todd Courser that was released to the media. The MSP Computer Crimes Unit- Lansing obtained these files and transferred them to disc. The disc has been entered into property below. D/Sgt. Britvec advised that Cindy has consulted with her lawyer and was not willing to speak with law enforcement. On this same date, Joshua Kline, a former staffer was to speak at a press conference on this date in Royal Oak, MI. D/Sgt Britvec attempted to interview him prior to the press conference, but Kline declined and advised he wanted to speak with law enforcement the following week.

CAPITAL POST COMPLAINT NUMBER:
#16-256-15

REVIEW CCU-LANSING DISC:
The disc provided was a copy of files downloaded by CCU- Lansing. Reference complaint #CCU-1952-15. The disc contains several screenshots and images from Facebook and other social media. Some of the files were images of the suspect text messages that Todd Courser had been receiving. It is known that Todd Courser shared these text message images on his Facebook account. Also located on the disc is a audio recording of Todd Courser's response to the media. Upon reviewing the audio statement by Courser, nothing was found to be inconsistent with his statement provided on 08-14-15.

Upon reviewing a social media video located on his account that shows Todd Courser seated outside his office in Lapeer participating in the "Ice Bucket Challenge". It appears in the video that Todd has his cellphone in his hand. Todd places the phone in his lap just prior to the bucket of ice water being dumped over his head. The cellphone is placed in his lap and the phone is clearly observed being covered in water. It is not known at this time at what date or time this took place.

In reviewing the facebook screenshots and information, one discrepancy that needs clarification was found. This discrepancy is that of a facebook post on Courser's timeline on approximately August 11th. The last paragraph in the post states "Courser said that he did not engage with the blackmailer, who also was contacting Representative Gamrat and other contacts of Courser and Gamrat, including financial supporters." In Gamrat's initial statement, he advised of the only other persons receiving the suspect text messages were: Cindy Gamrat, Joseph Gamrat, and Dan Courser.

CCU- LANSING:
On 08-17-15, I made contact with MSP Computer Crimes Unit- Lansing by TX. They advised they received a request from F/Lt Brody Boucher to monitor Todd Courser's Facebook account. On this date, I requested they monitor his Twitter account and any pertinent social media.

PRESERVATION LETTER- FACEBOOK:
On 08-17-15, a preservation letter for Todd Courser's facebook account was requested and completed on this date. His account will be preserved from this date for approximately 90 days.

CONTACT LAPEER CO CHIEF PROSECUTOR:
On 08-17-15, I made contact with the Lapeer County Chief Prosecutor Turkelson by TX. He has been updated on the case and findings.

ATTEMPT CONTACT LAPEER COUNTY SHERIFF:
On 08-19-15, I attempted to contact the Lapeer County Sheriff. His secretary advised the Sheriff will be out of country and not available by TX or in person until 08-25-15.

CONTACT D/SGT BRITVEC:
On 08-19-15, I made contact with D/Sgt Britvec by TX. D/Sgt Britvec interviewed a former staffer, Ben Graham, on 08-18-15. He advised this complaint will remain open pending contact with Todd Courser and seizure or processing of his cellphone. A separate investigation has been initiated by the Capital Post for a case of misappropriation of funds reference Todd Courser.

REPORT OF EXTORTION

JOURNAL:
08-20-15 JUNEAC I.R. Supp #1 reviewed. Pends further investigation. Keep in touch with D/Sgt Britvec. DB Review.

FBI COMPLAINT:
Case #9B-DE-C6583961 Received at the FBI Flint Office on 8-11-15.

On 08-19-15, I received a copy of the complaint that Todd Courser made to the FBI Flint Office on 08-11-15. The report has been attached as an external document.

Within the FBI's statement, Courser advises of the following information:

Courser sent the email to approximately 500-1000 people. Shortly after sending the email, Courser received another text message that stated the email was an insufficient attempt and "way over the top". The text also advised Courser that he is stupid and should change his email passwords.

Within two minutes of receiving the aforementioned text message, Courser received an email from Michigan Information Research Services (MIRS), Reporter Kyle Molynn. Molynn indicated that he had a source tell him that Courser generated the email. At this time, Courser advised Molynn that Courser had no comment. Courser stated that Graham was the only individual who knew Courser generated the email.

Prior to receiving the aforementioned text and email from Molynn, Courser had advised his wife about his affair.

On August 7, 2015, the conversation between Courser and Graham discussing covering up the affair was released to the media. After the release, Courser received another text message advising Courser to "resign or Chad Livengood gets it all". Courser advised that Chad Livengood is a reporter.

Courser believes that the text messages contained specific and detailed information that only this former staffers, Graham and Josh Klein, would be in a position to know.

Approximatly two to three weeks ago, Allard was "let go" as a staffer. Three days prior to being let go, Allard met with Courser's current staffer, Ann Hill. Allard asked to speak with Hill outside of Courser's office. While outside of Courser's office, Allard advised Hill that the office was "bugged". Allard put pressure on Hill to quit her position as Courser's staffer and attempted to scare her with potential consequences if she did not.

Courser advised that he provided the telephone number from which he received the aforementioned text messages to an unidentified individual located in Caro, Michigan in an attempt to identify the person responsible for sending the text messages. The unidentified individual in Caro advised Courser that the telephone was subscribed to an individual in Detroit, Michigan and was likely a "burner phone". Courser could not recall the subsriber's name in Detroit.

On 08-18-2015 at 1300 hours Graham came into State Police Headquarters to speak with Undersigned Officer. This interview was recorded on the post digital recorder. Below is a summary of our conversation:

Graham advised that he has known Representative Courser most of his life.

Shortly after coming to Lansing to work for Representative Courser, Courser and Representative Gamrat began to treat the staffers poorly.

All three staff members, Keith Allard, Josh Kline and Benjamin Graham met with House Speaker Cotter's chief of staff Norm Sarri about their working conditions.

In February Joseph Gamrat was escorted out of the Radisson Hotel by security after he observed Cindy Gamrat coming out of Coursers room in the early morning hours.

In April of 2015 Josh Kline resigned.

Graham advised that at that same time he was close to quitting.

Graham advised that he and the other staffers believed that Representatives Courser and Gamrat were having an affair in January of 2015 and would sometimes discuss it among themselves.

On May 19, 2015 at 9:00pm Courser called Graham and asked him to meet at the office.

Courser advised Graham that he stated "I need you to destroy me".

Graham called Josh Kline and Keith Allard to discuss the conversation he had with Courser prior to meeting with him.

Graham believed that Courser may be suicidal or violent so he recorded the conversation with his phone.

At about 10:30pm on May 19th Graham met with Courser and recorded their conversation.

In this conversation Courser asked Graham to send a "false flag" e-mail saying that Courser was having sex with men outside of Lansing nightclubs.

Graham left the office advising that he had to think about it.

Graham drove to Josh Klines residence to tell him about the conversation.

Courser texted Graham and asked if he was coming back. And if he wasn't he would get someone else.

Graham was told by Courser that he had Emanuel Eikholt send the e-mail.

Graham met with Norm Sarri and Brock Schwartel at the offices of GCSI two days after the email conversation with Courser and advised them of the information he had, telling them he had proof.

Graham advised Sarri and Schwartel that he was going to quit and they asked him to stay on for the good of the district. Graham was advised that he would be assisted in finding a knew job.

Graham advised that Representative Courser asked him to send political e-mails, discuss campaign issues, asked about purchasing a political database and asked him to secure political databases on state property.

Graham advised that Courser hired a part time state paid employee who spends the majority of her time doing political work out of his office in Lapeer.

Graham advised that he recorded the conversations to protect himself and was always in the room when the recordings were being made.

FBI REPORT:

Representative Courser went to the Federal Bureau of investigation and spoke with Joe Vandenbossche. Representative Courser was directed to the MSP and he went to the Lapeer Post to make this complaint.

CELL PHONE ANALYSIS:

On 08-18-15 Undersigned Officer met Representative Courser in the Gallery of the Michigan State House. Courser was advised that Undersigned Officer would be assisting in the investigation that he filed with the Lapeer post.

Representative Courser agreed to allow the computer crimes section of the Michigan State Police to forensically analyze his cell phone to assist in the investigation. On 08-19-15 Representative Courser came to the Capitol Security Office and allowed forensic analyst Collen Auer to extract all data from his cell phone. Analyst Auer completed the exam between 08-19-15 and 08-20-15. Auer provided Undersigned Officer 4 compact disc's with the information she extracted from Rep. Courser's phone. Undersigned Officer will list these as property. Auer also provided Undersigned Officer report #CCU-1997-15.

CONTACT WITH ABOOD LAW FIRM:

On 08-17-2015at 11:47AM F/Lt. Brody Boucher went to the Abood Law Firm in East Lansing and left his business card a receptionist named "Lindsey" advising that if Representative Gamrat wished to file a criminal complaint to contact the Michigan State Police. As of 08-26-15 there has been no contact from Representative Gamrat or the Abood law firm.

RECONTACT COMPLAINANT:

Undersigned Officer was contacted via phone on 08-25-15 by Representative Courser. Courser advised that he had received from Representative Gamrat a report from Dalman Investigations who apparently had been hired by the Abood law firm to track down the origin and owner of 313-421-5345 number. Dalman investigations used PDJ services which is claimed to be an information brokerage company used by various companies, investigators and law enforcement. In this report Dalman investigations advised that 313-421-5345 is a prepaid phone card. The name used at the time of purchase was C Livingood. It should be noted that Chad Livengood

is a reporter at the Detroit News and wrote several articles about Representatives Courser and Gamrat's extramarital affair. Courser also sent Undersigned Officer text messages sent to him by Wendy Day indicating that she had texted back and forth with the 313-421-5345 number. At the end of this conversation Undersigned Officer advised Representative Courser that at this point Undersigned Officer was unable to establish all of the elements of the crime of extortion. Rep. Courser was also advised that Undersigned Officer had contacted Richard Cunningham of the Michigan Attorney General office and that Cunningham agreed with Undersigned Officer regarding the crime of extortion. Rep. Courser was advised that Undersigned Officer was still looking through text's from the 313-421-5345 number to see if all the elements could be met.

Representative Courser asked about wire tapping because the "texter" claimed to have recordings that could have only been made by placing a device in his hotel room. Rep. Courser was reminded that no such recording had been released.

Later that afternoon Representative Courser texted Undersigned Officer and advised that he was getting reporters questioning him about the above report. Rep. Courser advised that he was going to refer them to Undersigned Officer.

CONTACT WITH MEDIA:

On 08-26-15 Undersigned Officer was contacted by Randy Bishop of WYTV (Patriot Voice Radio). Bishop questioned Undersigned Officer as to how the case being investigated could not be extortion. It this point Bishop was advised that Undersigned Officer had no comment on the case and that he should contact the Michigan State Police HQ, Public Affairs Office if he needed any further. A few minutes later Undersigned Officer called Bishop back and asked him why he thought Undersigned Officer did not think that this case was extortion. Bishop advised that he had a "source" that told him this. Undersigned Officer asked for the name of the source and Bishop advised that he would not provide it because he had a 1st Amendment Right not to.

It should be noted that Bishop is the host of the Trucker Randy radio show. Representative Courser and Randy Bishop text each other regularly (since Jan 2013) and appear to be friends with similar political ideologies.

RECONTACT COMPLAINANT:

Undersigned Officer contacted Representative Courser on 08-26-15 and advised him that the investigation would not be swayed by pressure from the media. Courser was further advised that the ultimate decision on if this case is criminal would rest with a prosecutor not Undersigned Officer. Courser asked Undersigned Officer how he should handle the media and Courser was advised that Undersigned Officer did not care how he handled the media. It appeared to Undersigned Officer that Courser was attempting to manipulate friends in the media to pressure Undersigned Officer into making this case criminal in nature before all the elements of a crime have been established.

CONTACT WITH PDJ SERVICES:

Undersigned Officer contacted PDJ services at 1-800-298-1153 and spoke with "Tina". Undersigned Officer explained to Tina the nature of this investigation and asked if she would be willing to confirm the report

provided by Dalman Investigations. Undersigned Officer gave Tina the 313-421-5345 number and was advised that it was purchased by a Todd Courser with a P.O. Box 7345. Tina advised that the P.O. Box came back to a Dalton Green of 70 Highland St. Highland Park, Mi.

Tina stated that the prepaid phone service information is only as good as the person collecting it and if the person collecting it does not check ID the card could have been bought by anyone. Undersigned Officer asked if there would be a reason that Dalman Investigations received different information and Tina advised that she is aware of this case and that her company was investigating why there was a discrepancy. Tina advised to call back in a few days and they may be able to provide an answer.

INTERVIEW WITH JOSEPH GAMRAT:

On 08-27-15 Joseph Gamrat came into HQ to speak with Undersigned Officer. Gamrat seemed hesitant to have the conversation audio taped so it was not. Gamrat provided the following information:

Joseph Gamrat suspected that his wife and Rep. Courser were having an affair.

Gamrat went to the Radisson Hotel in Lansing in February 2015 and observed his wife leaving a room (he believed to be Coursers) in the early morning hours and then went into her room.

Gamrat attempted to confront his wife and pounded on her hotel room door. He left without incident (no police were involved).

Gamrat believes that his wife and Courser ended their affair in May.

Gamrat advised that Keith Allard was not a fan of Courser and did not wish to work for him.

Gamrat received his first text from 313-421-5345 in July 2015 and the texter asked how he knew Cindy and Todd.

Gamrat was contacted by Dan Courser shortly after the text message.

Gamrat was contacted by Chad Livengood once about a recording but Gamrat refused to answer questions about it.

Gamrat denied being the texter when asked and accused by Undersigned Officer.

Gamrat advised that he did not know who the texter is but if he had to guess he believed that it would be David Forsmark or Josh Cline.

Undersigned Officer advised Gamrat it was Undersigned Officers opinion that he is the texter. Gamrat was advised that Undersigned Officer believed that Gamrat was given inside information by staff (Cline, Graham or Allard) and used this information to make his wife and Courser stop their relationship. Gamrat denied these accusations.

Gamarat was asked if he ever secretly recorded his wife or planted recorders in her car or on her person. Gamrat advised that he wished to keep it between he and his wife if that occurred. Gamrat later admitted that there were recording devises planted in Representative Gamrats vehicle, that she knows about it and the recordings were given to her. Joseph Gamrat advised that very little was gained from the recordings because of road noise.

On 08-28-15 Joseph Gamrat contacted Undersigned Officer by phone. Gamrat stated that he wanted to add to the conversation the day before. Gamrat advised that around the time that the texting started he received a call from an unknown male. The male advised that he wanted him to listen to something. Gamrat stated that for approximately one minute he heard what sounded like Representative Courser and his wife Cindy having sex. Gamrat advised that he did not know where the recording was made or who made it and the caller was never identified. Gamrat further advised that his recording of Cindy Gamrat occurred in the summer of 2014. This is months before the incident at the Radisson Hotel.

ADDITIONAL INFORMATION:

Undersigned Officer was advised by the complainant that Wendy Day who is a friend of Cindy Gamrat had also received some text messages from the 313-421-5345 number and had some dialog with the texter. Some screen shots of these text had been forwarded to Cindy Gamrat who sent them to the complainant. Undersigned Officer made contact with Wendy Day and she provided the following information.

CONTACT WENDY DAY:

Undersigned Officer was able to contact Wendy Day by telephone. Day advised Undersigned Officer that she had received text messages from the 313-421-5345 number and that she had taken screen shots of these text and had forwarded them to Cindy Gamrat. Day advised that she had deleted the messages from her phone but was willing to forward the screen shots that she had saved. Undersigned Officer received the screen shots via e-mail on 09-04-15 these screen shots will be added to the external file. Day advised that she did not have any part in the case other than receiving the messages and responding and did not want to get involved. Day stated that she is running Senator Cruz's Michigan campaign and wanted to stay focused on that.

The text conversation screen shots start of with a question from the texter asking "How'd your talk go?" . This would indicate that there was some prior text messages that were not included or not screen shot by Wendy Day. In the text Day is asked to call Joe Gamrat and state "It's Wendy, you and Cindy are in my prayers". The texter states that if Day does this he will know that he can trust Day. Day refused to make the call.

CONTACT WITH KEITH ALLARD:

Undersigned Officer contacted Keith Allard by phone to attempt to set up an interview about this case. Allard advised that he was in Grand Rapids and did not have a reason to be in Lansing anytime soon. Allard stated that he would be willing to meet with Undersigned Officer but his schedule was busy at the moment. Via telephone Allard advised Undersigned officer of a similar story that Ben Graham told. Graham advised that all three staff members (Graham, Allard and Cline) suspected that Representative Courser and Gamrat were having an affair. Graham stated that the representatives would leave early in the afternoon and return late afternoon. Courser and Gamrat would then request the office staff work late to do the work that should have been done in the afternoon. Allard was advised about the extortion complaint and was asked who he thought it was. Allard advised that he was 99% sure that it was Joe Gamrat. Allard stated that he believed that Joe Gamrat was just trying to get his wife back and away from Courser.

REINTERVIEW TODD COURSER:

On 09-21-15 Undersigned Officer received a text from Cindy Gamrat advising that she had made a complaint to Detective Doan at the Wayland Post about some emails that her campaign website had received of a threatening nature and that she would also like to make a complaint about texts she had received that were similar to those received by Representative Courser. After talking with Detective Doan Undersigned Officer contacted Cindy Gamrat by phone and advised her that if she wished to make a criminal complaint about the text that Undersigned Officer would be handling the case. Cindy Gamrat was advised that Undersigned Officer would have to get her phone downloaded by the Michigan State Police Computer Crimes Section to attempt to recover the deleted texts that she had received and to verify that the text came from 313-421-5345. Gamrat advised that she did not want to appear to be uncooperative but that she would have to check with her attorney to see what he thought. Undersigned Officer was contacted by Gamrat's attorney a short time later and asked if there was any other way that the information could be obtained. Undersigned Officer advised Gamrat's attorney that the only way to extract the missing e-mails was to image the whole phone to get all lost/deleted material.

Cindy Gamrat contacted undersigned Officer later that day by phone. Gamrat advised that she believed that she had been "bugged" by the person texting Representative Courser and herself. Gamrat advised that early in the texting she was talking to her husband Joseph Gamrat on the phone and she told him she was thinking of committing suicide. A short time later the texter sent a text out stating "Relax, I'm not leaking anything yet..." At this point Undersigned asked Cindy Gamrat about Joseph Gamrat putting a digital recorder in her vehicle and if she knew about it. Gamrat advised that her husband Joe had put a listening device in her car in the summer of 2014. Gamrat was asked if she thought it was possible that her husband Joe was the texter and she advised that the verbiage of the text did not sound like her husband

It should be noted that this was the same comment made by Representative Courser.

5/19/2015 9:41:39 PM(UTC+0)	Inbox	Read	The phone is a burner...dont bother trying.
5/19/2015 9:44:02 PM(UTC+0)	Inbox	Read	Cindy sounds like she's great in the sheets. You however, have no stamina.
5/19/2015 9:48:16 PM(UTC+0)	Inbox	Read	Silence in this case can be VERY detrimental. Careers, political arena and of course families, Georgeann, Joe, Fon, Dan....whew, it could be disastrous really, and of course the kids.
5/20/2015 11:21:20 AM(UTC+0)	Inbox	Read	DC sucked, thought you two would be alone but you dragged family along...cost me 1200.00 that trip.
5/20/2015 11:57:32 AM(UTC+0)	Inbox	Read	"Todd...have your phone swept. Why do you only know 4 vets, we're everywhere. ""Courser's a ""NO"" on 4408""? Still think I'm bluffing?"
5/20/2015 12:11:16 PM(UTC+0)	Inbox	Read	What are they going to do to defeat you when you're an incumbent? They won't need 150k....they have me.
5/20/2015 2:16:17 PM(UTC+0)	Inbox	Read	Messages will come from a different number soon. This ones getting dumped. Nobody's asked what my intentions are, what I want. Odd?
5/20/2015 2:57:45 PM(UTC+0)	Inbox	Read	I have no agenda per se. I have no desire to destroy families. I give a rats ass about politics. Vaupel sucks though. You both now know I hold significant evidence of your affair. Career suicide, can't show your face, empty your office shit. Stay tuned...have a splendid Pure Michigan day!

5/20/2015 3:20:39 PM(UTC+0)	Inbox Read	Relax. I'm not leaking anything...yet. Pay people better to keep quiet..I pay them better for info. #Radisson
5/20/2015 3:40:51 PM(UTC+0)	Inbox Read	Let me make this CRYSTAL CLEAR. I need some open dialogue. I've heard from you Cindy...better tell Todd to man-up. As long as I'm appeased, my cargo will never reach port so to speak. Can I please get a confirmation.
5/21/2015 4:23:16 PM(UTC+0)	Inbox Read	Good afternoon. Contrary to what you may think, I have other cases I'm working. Todd, go to your weekend retreat...enjoy this last holiday as a state employee. Big changes next week kids, as I change the political landscape.
5/21/2015 4:25:34 PM(UTC+0)	Inbox Read	You both can prevent this really....you've never asked how?
5/21/2015 5:32:07 PM(UTC+0)	Inbox Read	I can show your whereabouts when not in session, meetings, or together. Those whereabouts DO NOT include seedy alleys in Lansing having sex with men Todd. Grow up. I sell non-fiction...you however spin fairy tales and fiction. That email can't find another inbox....oh, change your passwords too. Dumb shit
5/22/2015 9:56:34 PM(UTC+0)	Inbox Read	Hello?
5/22/2015 10:09:07 PM(UTC+0)	Inbox Read	Cindy, Todd, Dan..we all on here?
5/24/2015 12:09:16 AM(UTC+0)	Inbox Read	I'm letting everybody off the hook....on 1 condition only. You resign Todd, Tuesday. Mention your health, your new found family bond. DO NOT mention Cind , AT ALL. Call me karma....this is for the others too!
5/26/2015 11:39:05 AM(UTC+0)	Inbox Read	Rise and Resign day....Good morning Todd....hope you found your soul-searching weekend peaceful.

5/27/2015 12:45:57 PM(UTC+0)	Inbox Read	I've reached out to an old friend with a little teaser. He's been fact-finding since 11am or so yesterday, building the puzzle, piece by piece. I told him I WILL NOT confirm the names of the woman/women. Rest assured, Tim Skubick will be in touch with you. Confirm the affair(s).
5/28/2015 4:11:55 PM(UTC+0)	Inbox Read	Skubick questioned the authenticity of some of the audio. Not the story per se, rather how either of you let this happen. Not the affair....getting bugged. I drove up to the island yesterday, on your dime. I shared 17 minutes of audio, 9-11 of sexual intimacy and 5-6 of dialogue so he could clearly understand who he was listening too. He's going to label me as an anonymous source, a credible anonymous source. Complete with photographic and video evidence from DC and the Radisson, it was any easy sell. Let Joe and Fon know whats coming please.
5/28/2015 5:58:04 PM(UTC+0)	Inbox Read	"517.643.0013 Call it....go ahead, do it. It's a personal cell."
6/9/2015 6:25:55 PM(UTC+0)	Inbox Read	Uh oh...good luck. I just got back in the states and heard the news.
7/8/2015 1:00:35 PM(UTC+0)	Inbox Read	Wow! Firing staff...be careful, the boys have A TON on you...they know everything. I saw you recently. Flint then near Great Lakes Crossing later. You guys are easy but idiots. Oh, the Speaker is meeting with me on 8/3.
7/17/2015 1:09:32 PM(UTC+0)	Inbox Read	I was off the last few days and was offered the opportunity to do some surveillance....little did I know you'd drag me all the way to Flint....I used to work out of that Target strip mall and often frequented Barnes/Noble....Keith and Ben were right, as was Joe...the inevitable WILL happen.

			Careers,Families,homes... shattered. We simply have too much on you, the server and police involvement notwithstanding.
7/21/2015 3:06:47 PM(UTC+0)	Inbox	Read	I've been digging. How was camping Cin? Todd, your wife had an affair before, but then again, so have you...before Cindy. I may need some funding? Offers to help?
7/22/2015 11:07:46 AM(UTC+0)	Inbox	Read	I came across this number in this file: 260-504-6649. Its not Dans or Tims or either of yours? Whos is it?
7/22/2015 11:13:29 AM(UTC+0)	Inbox	Read	Nevermind, I'll text it myself...
8/7/2015 1:51:26 PM(UTC+0)	Inbox	Read	"Amazing what would have happened had you simply listened. Too late. KABOOM!"
8/7/2015 3:59:38 PM(UTC+0)	Inbox	Read	It went global fast. Resign NOW Todd as Candy has asked...ASKED. You too Cindy, spare the kids and Joe. Resign, both of you, TODAY. Chad has scratched the surface....Ben has lots of audio...intriguing, damning. I have steamy audio, pics, video from DC. Resign, or Chad gets it all.

AT&T MESSAGES USER GUIDE FOR LAW ENFORCEMENT
TRANSACTIONAL LOGS FROM AT&T MESSAGES

Effective June 3, 2014, requests received for transactional usage will now include AT&T Messages transactional logs for AT&T mobility customers who subscribe to AT&T Messages. This document is being provided to help you understand how the transactional logs for the requested AT&T Messages subscriber are presented. The AT&T Messages transactional logs stored are: Voice logs, MMS logs and Text (SMS) logs.

As of September 9, 2014, these logs will no longer be sent in .tgz format. They will now be sent in our standard AT&T report formats: .pdf and .txt.

AT&T Proprietary
The information contained here is for use by authorized persons only and is not for general distribution.

Some logs are in UTC time, therefore, you may see transaction results with the next day's date stamp on them.

Also, you may see duplication between the logs provided from the AT&T Messages Cloud and the other records returned from AT&T's SCAMP system.

Depending on the information requested, you will receive one or more of the following file types:

Type	Description
CALL Records	
Inbound and Outbound Call Logs	Each record will be identified as Inbound or Outbound. This includes calls to voicemail and voicemail retrieval. • **Disposition:** Left message, hung up, answered, rejected, or busy. • **Duration:** Length of call in seconds. • **Time:** The day/date and time the call was made. Time is in UTC (see conversion chart above). • **Source Phone Number:** The number the call was sent from. • **Destination Phone Number:** The number the call was made to.
MMS Records	
Inbound and Outbound MMS Logs	Each record will be identified as Inbound or Outbound. • **Time:** The day/date and time the call was made. Time is displayed in CDT with the UTC offset.. The negative number to the right of (CDT) reflects the UTC offset. The -0500 means 5 hours were subtracted from the UTC time to display the time in CDT. • **Source Phone Number:** Displays the number the message was sent from with an extension of "@tel.metasphere.metaswitch.com". **This extension does not imply a valid email address that is associated with the phone number. This is simply an internal extension used by AT&T to deliver the information.** • **Destination Phone Number:** The number the message was sent to with the same extension used in the From field. • **Source IP:** When a MMS message is sent from the AT&T Messages Web User Interface (WUI) instead of a handset, the IP address will be captured. This information is returned only if location information is requested in the legal process.

Time is in UTC (see conversion chart above). • **Source Phone Number:** The number the call was sent from. • **Destination Phone Number:** The number the call was made to.

Important Note: There is currently a bug which affects the week day returned in the Time field. The date is correct, however, you may find 'Mon' for Monday is populated the majority of the time which is erroneous in most cases.

Joe Gamrat to Todd Courser Text

iMessage: +18104233376 2 +12605046649 Joe Gamrat You have some serious gall to continue any interaction or connection with Cindy. You need to completely disconnect from her, including Facebook (block her, unfriend her, and unlike any posts of hers that you've liked), get rid of her phone number, eliminate any other access you have to her. Get the hell out of our lives and stay out. Pardon my language but you've got to be the biggest piece of shit I've ever known, and that's being polite. You need some serious help. 5/21/2015 5/21/2015 11:38:42 PM(UTC+0)

iMessage: +18104233376 1 +12605046649 Joe Gamrat
"Wanted to make sure that you got this since you have yet to reply.

Forgive me if your words of apology ring hollow. You mention an initial voicemail but I only received part two - so no, it didn't take. Feel free to call back with what was said initially in part 1.

In regards to meeting you, I have no interest at this time, especially at my home. You can trust me that there will come a time and place that we have a face to face, and that will be a time and place of my choosing without warning to you.

Finally, I don't think you get it yet. When you try to tell me that ""I think your wife...she absolutely does love you, I just don't think she understands how to make it right or reconcile that with everything"", it is totally inappropriate. For you to tell me how she is feeling or what she is struggling with, is where this all started. You should have no idea what she is struggling with or how she is feeling. If you don't understand that you will assuredly ruin another family or two or more. Emotional and personal conversations between a married man and a married woman, especially regarding their marriages, should be completely off limits. Never ever should those trails be taken. iMessage: +18104233376 2 +18104233376 Todd Courser My apologies; no intention to not respond; I wrote it on the other phone and I thought I sent it to you; I don't keep that phone with me when I have this one. I'll eye it tomorrow and send it along. Have a good night. 5/27/2015 5/27/2015 12:42:41 AM(UTC+0)

iMessage: +18104233376 3 +12605046649 Joe Gamrat Understood. So, the other phone is in Lapeer? 5/27/2015 5/27/2015 1:27:13 AM(UTC+0)

iMessage: +18104233376 4 +18104233376 Todd Courser ? I'm not sure where it's at it was in all stuff from this past weekend; I think so. But I'll get it located tomorrow or I'll key in a message on it, I don't think I said it right or you didn't get the first part and so it didn't come off right; not that it could come off right but I have to find it. 5/27/2015 5/27/2015 1:37:18 AM(UTC+0)

iMessage: +18104233376 5 +12605046649 Joe Gamrat "I didn't get any first part, which is what I said in my text. I had asked you to call back and leave it again but...

iMessage: +18104233376 7 +12605046649 Joe Gamrat And I need you to either forward the lost text or call me with what you said by noon today. I am seriously doubting that you are understanding what you did or continue to do. All facets of the relationship with MY wife and the Mom of MY children should have ended nearly two weeks ago. If you were a fraction of the man that you say you are you'd understand. 5/28/2015 5/28/2015 2:09:46 PM(UTC+0)

iMessage: +18104233376 10 +12605046649 Joe Gamrat I'm still waiting for the voicemail or text that you said you left and thought you sent. Your text above is taking a tangent. 5/28/2015 5/28/2015 5:59:03 PM(UTC+0)

iMessage: +18104233376 12 +12605046649 Joe Gamrat Sorry Todd but your voicemail and text were supposedly an apology, so I don't really know how it's no long pertinent. iMessage: +18104233376 14 +12605046649 Joe Gamrat "I'm still waiting for the missing apology that you seem to think is no longer pertinent.

I am taking Cindy out of this communication as this is between you and me, so there was no need for her to be added by you. Unless of course you would like me to add Fon into the conversation as well so that it isn't behind her back anymore either? And there is no need to send this, or any response you may have, to her for her review or her approval.

I'm sorry I'm at cabellas today; I have cut in Cindy on this stream so I am not going behind her back on any of this; if we are cutting communications

- if?

then I can't really see how sending along the texts from anonymous makes sense to me;

- I have no idea what you're talking about and how it could have any reference to stopping communications between you and Cindy

the two of you can decide what added steps need to happen in regards to all this for you,

- thanks for the insight. If only you had recognized that a year ago instead of the continual need to confide in each other regarding your marriages...or was it just ours?

but Cindy you have said we need to cut the communications and I have attempted to do so;

- by adding her back in?

- you either act like she is the only one that wants communication stopped or you're saying that you are doing what you can but she isn't? If that isn't a little disingenuous...do you not see the need to stop as well?

so joe I am not sure what communications you are referring to; if you can be more specific I will be glad to address it; I have been going thru and cutting the ties between her electronic points of overlap and mine; as has she;

- I guess you expect me to take you at your word? I've done that before.

- have you unblocked me from your Facebook? I mean it only makes sense that someone would block their """"best"" friends"" spouse, right?

- have you blocked or unfriended Cindy?

- Facebook access? Nationbuilder? Schedules? Emails?

- does your key still open her office? Does her key open yours?

- does she have a key to your law office?

I know she has been considering a new staff member or two and I am as well;

- and how would you know that? Do you know if any other reps are considering a new staff member or two?

I am having a meeting in that regard tomorrow as well; she will have to fill you in on that part for her and any of the separation steps;

- again thanks, but this was about you.

i have committed to heading home at night in all but the most constrained timeframes of Lansing; what Cindy decides in regards to that is really hers to decide not mine;

- so let's not have any conjecture about what she might or might not do.

- head home at night or head home as soon as your hearings and session are over?

I have also cut off any communication concerning secret texter

- what is secret texter?

and she has said to just do what I would regardless of what the consequences are for her; I will just proceed and do what I think makes sense in that regard as it develops;

I will try to keep the best intentions of protecting both of you in that but I can't really promise anything in that regard;

- Sorry, but I've seen how your intentions work and how you have protected both of us thus far - by disrespecting me to her, questioning my salvation to her, telling her what to say to me, what to say to our kids - I don't hold my breath when you say that.

I planned on being maligned and abused as I came into office so in some weird way what this guy is doing fits fine for me;

- do you see this as some sort of laughing matter? This isn't about being ""maligned and abused"" this is about maligning and abusing countless people. You aren't a victim in what is going on around you, you are the perpetrator. It's called 100% responsibility and you seem to like playing with hornets nests and then sulking in the misery that comes with those injuries, while wanting people to feel sorry for you.

we have cut most all administrative electronic overlapping items and will continue to do so as they appear.

- most?

- only electronic?

- do you physically talk or meet to discuss administrative items? Other items?" 5/29/2015 5/29/2015 5:54:13 PM(UTC+0)

I'm still waiting for my apology from ""you"" that you said you had left for me. And again, stop bringing Cindy into the conversation. Remember, you were cutting communications with her...right?" 5/30/2015 5/30/2015 12:42:23 PM(UTC+0)

iMessage: +18104233376 23 +12605046649 Joe Gamrat "Joe - sorry I have had constituent stuff all morning; maybe I am wrong and please forgive me if I am, or if I am speaking out of turn here, but I have acknowledged my responsibility and my failure and I have given you my apology;

- no apology yet. You say that you left a message (which I never received) and hope that it ""took"" which it apparently hasn't since it was not received. I asked you to text me or call back with what was said and you then tell me that you thought you sent it but can't find it, and then it is ""no longer pertinent"". Sorry, but I don't see how that is anywhere close to giving me an apology.

- if you were a smidgen of a man, you'd recognize that and properly apologize to me.

maybe you are not hearing it or don't want to hear it; that is your responsibility;

- please don't try to tell me what my responsibility is. You have enough responsibilities that you should be concentrating on.

you have to decide what to do with it. It is your call to accept it or reject it; it is your call to grant forgiveness to whomever or don't; it is yours.

- the holier than thou is speaking again. Please....

- I can't accept or reject something I was never given

Scriptures (not that I have any right to quote scripture)

- but of course you still will right?

- and trust me, I know what my responsibilities are from scripture. I also know what the scriptures say about some other things that YOU should consider.

say you must but I have certainly failed in granting forgiveness to others in my life so I understand how hard your spot is;

- don't patronize me

you are free to keep debating an apology you have already clearly acknowledged or don't;

- should I send you a copy of our earlier texts so that you can see? I know it wouldn't matter as you still are trying to blame others for what YOU were doing!

its your responsibility what you do or don't do with it.

- it sure is, once I get it.

You, like me, have to decide if you have any responsibility in an area of your own life and whether your actions measured up to that responsibility;

- no need to try and tell me what I need to do.

- is this the scriptures according to Godd?

- here we go with the holier than thou talk

in this case mine clearly did not; then what if anything is or is not your own contribution to a set of events around you;

- so apparently, in your mind, if the circumstances occur again with someone else's wife, you would have no problems having sex again...since as you say ""it is from my contribution to a set of events"" - you are a sick individual!

maybe you feel you have responsibility and have owned it and then moved to correct it or not; maybe you feel you have no responsibility; either way you have to decide and then whatever you decide your actions will follow. I can't nor would I try to tell you if or where your responsibility lies in this;

- then don't

- of course, it's a little late for that as you have been giving your thoughts on what Iwas doing wrong for some time now. I wonder why that might have been.

I have said I claim what I have done and I have taken responsibility for my actions and I have apologized.

- again, never received an apology. I hear of an apology that was given, but it doesn't really count if the person you are apologizing to didn't receive it now does it.

- your actions say otherwise.

Joe you have every right to perceive me as you are going to perceive me;

- I will perceive you as I always have, which was a reality.

accept my apology or don't,

- never received it to accept it. So please, I am still waiting.

grant forgiveness or don't; if you feel like asking for something you clear had and had rejected helps you and your wife and your family move on and that is what makes sense to you in your responsibly then that is for you to decide. I'll just keep explaining as I have that you have already acknowledged my apology and rejected it.

- wrong. You have never called back or texted with what you told me in your first message, which was the supposed apology.

You like everyone have to decide to own your stuff or don't; you have my apology what you do with it is yours to decide.

- never received. You keep saying that you have done it, maybe you were listening to yourself talk and thought you were talking to me. I have never received an apology or what was in your first message.

On the off note of Joey - Not sure what you mean regarding your son Joey he reached out to me not me to him and he did so without including his mother in the stream and was asking me to act in a particular way in her campaign without running it by her;

- partly correct but as usual, you try to spin it to look as if it is all on him.

- who is the adult in the situation?

- since we are talking about Joey now, how come you didn't add him into the conversation? Why is it okay for you to go behind his back? And not Cindy's?

- you were told by him that

""If you have any desire to see Cindy win, stay out of the race. Everything you seem to touch either blows up or wilts away.

Stay out of the RNC race""

You in your ultimate wisdom thought the best way to respond to the 17 year old son of your ""friend"" was to blast him for going around his mom, tell him how you would do anything his mom wanted (I see now what that was), and continue on in your typical arrogance for some 500-100 words.

maybe you think I should not have asked him to speak to his mother first or not

- you could have responded with a short response to him stating that. Not some diatribe of you being able to listen to yourself bloviate.

but for me I was not going to speak to him about potentially taking actions that would be potentially in direct opposition to her efforts

- you do realize that your endorsement letter probably hurt more than it helped. But of course, you seem to like that so that you can be the one to console and have the time to discuss what went wrong, how could we improve, etc..

in her rnc race without her knowledge would be unbelievably wrong to do, I told him as such and that if he wanted to know what I was involved in or not involved

- he never asked what you were or weren't involved in. He simply said to stay out of the race. Interesting how you spin words of others to your perceived benefit.

it he needed to speak to his mother on t and then I would be glad to share once she signed off on it. Maybe you think I should have spoken to him without her consent

- um, your response was to him, and only him. Not sure why you didn't add her into that conversation like you have here.

or maybe not I am not sure; that is for you to decide on what level of inclusion you feel makes sense; for me I wasn't going to undermine her efforts without her knowing about it. He didn't like my answer. So I am not sure if you are saying I should have taken his call and done what he was asking behind his mother efforts and without his mother signing off on it or not? Maybe I am just confused on that point?

- oh, there are a lot of things you are confused on. But of course, it will always come down to someone else's responsibility or ownership that needs to be addressed.

Finally you can include your wife in the stream or don't; but to me it is not appropriate to discuss this behind her back so I'll keep including her.

- right, so it is up to me to include MY wife in this stream or not, and yet you then decide to add her in? Pure arrogance.

- did you include Fon too?

- does she even know yet?

- you have told me that you have cut communications. This wasn't about her, it was about you. But again, add people into the mix so that you can have them feel sorry for you and how you're being treated. You are a sick individual. You can't handle yourself man to man, and think that through text is how to be manly?

- this started from a missed call by YOU to ME. She wasn't included in that, so why include her in this? Because you can't resist doing so. It gives you something to talk to her about.

So if you want me to not contact her and to work to keep moving to separate, which she and I are doing,

- how hard is it to stop talking? To stop texting? To stop meeting?

- there are two reps and two staff members. Hmm, I am sure that you are good with numbers so do I need to do the math for you? Isn't Keith in charge of staffing? Can't Keith figure out or be tasked with what to do to accommodate the office(s)?

- pathetic really, and if you could pull your head out of your ass for a second, you could see that.

on this then this isn't working in that direction and just puts more pressure on to communicate.

- oh I see, it is now my fault that is causing you to continue to work together.

- you are a total piece of shit.

MY response to YOU and your response to ME has nothing to do with her. We are talking about what you are saying, which are just platitudes. We are talking about you stopping communication, which you keep adding her in. We are talking about YOU, not her.

As I said before, I am still awaiting a call back in regards to what you originally called to tell me. And I am still awaiting the text that you say you wrote out but never sent. Bottom line is I am still awaiting your apology for what YOU did to me and my kids, for looking me square in the eye and giving me your word that this would not happen yet forgetting about that. And finally I'm still awaiting for you to get the hell out of my family's life and concentrate on yours for a change.

I am assuming that you will not apologize to me since it has been over two weeks now, so good luck. I will pray for you and the work that the Holy Spirit has in front of him." 5/30/2015

"text: They wanted to audio and I told them that I did not have it. Even if I get it, it would not bode well for me to release that. I plan on talking to Cindy tonight and telling her this:

- I need her to log into verizon and show me her phone account. This will show me whether or not they have called each other. Which I assume they have.

- is she one bit regretful or remorseful? I haven't seen that yet, all I've seen is fear that this might go public.

- if she's talked to him, first why the f? Then what has his family's reaction? Why hasn't he reached out to me to apologize?

Dan said the honest approach needs to be taken. Todd hasn't taken ownership of anything for 20 some years and he's not about to let him slip out this time. If necessary he said he'd come out and make a statement. Of course, they want to know what he knows and go from there. They also said that his marriage has been on the rocks for years and that they've sort of talked about divorcing once the kids are older. "

text: Sorry, it's got to be tough. It's easy for me to think of what you need or should do. But I'm not you. And if you come out, then they know that Ben told you and how does that look for Ben. He should tell you but I'm not sure that they see it that way. UGH!

"text: She was telling Todd, in all of his arrogance, last week Wednesday that she realized that he will not divorce Fon (she might divorce him) but he won't.l her. And that he will do what is necessary to stay married (that's BS) because that's who he is. But that she hadn't had that same thought for her and me - the goal being to stay married and make it work no matter what needed to be done.

Oh yeah, and she journaled on Friday for strength, discernment, courage, blah blah blah. Then said that she tried calling to ""talk"" but that I yelled, screamed, was vulgar, and am blaming her and especially Todd while not realizing that I/we have issues besides Todd. etc. and doesn't think that she loves me any more. Like that's a surprise right?"

text: She was talking to Todd about how to see who had what access to what things in NB. The other conversation was that she was telling Todd that she told you to remove the key chain things and that you had said that she needed to do it, but then you did it so she didn't really know what that meant or

how that worked. Unbelievable. Maybe I'll ask to see her "systems" and see who has access. I'll update you later today...Q"6.UW.........)U.... . ...23578D93-9

text: Probably pissed that we removed her from all of Todds stuff

text: My thing ran out of battery so not sure of any other details. She is planning on coming over this evening to see her dad in the am too.

text: It's all Joshua needed was confirmation from you, that's when the blackmailing started and them working with the speaker. And you wondered why I couldn't and can't confide in you. This isn't all of it but it's part of it. And you respond by defending yourself trying to say you went to a Christian friend . That shows me you still do not understand your role in all of this and ou

text: In regards to this, she asked who I shared pictures with and I said maybe or likely Keith as we were both po'd at them for how we were being treated but that I had deleted the pics after confronting her. I'm sure that meant squat to her as it is another instance of me sharing with others and not tell

"text: If you slam them tomorrow, I would like to somehow be included in the ""sharing"" of knowledge. I sent this to Cindy today (after I asked her last night if he was coming to the event or staying at the hotel as well and she didn't reply):

Please don't ""pretend"" to not know if he is coming to something or not. Especially something like this. It is very simple to tell me and you refuse, refuse to do it. I have asked repeatedly for it to stop and to be notified of any communication with him and still nothing - Thursday and Friday as prime examples. I can only assume that it is for one reason and it is that you are still interacting, communication, socializing, confiding with/in him. Sorry Cindy, but until you provide a smidgen of transparency with me and show or provide a perception that it is done, it is continuing. If that is the case, if it is not done and I see that continuing in any manner, then you have made your decision to leave.

So because you have created this reality and potential perception, all I can say is have fun on your walk around campus with him. I hope it's worth it. "

text: I want to scare the living shit out of them

text: I think the focus will be moved to the coverup. The coverup is what is concerning most people, including the investigation.

text: I know. I am dumbfounded. Why in Samhill would she reach out to Cindy to tell her that I friend requested her? Unless Todd has access to her Facebook and told Cindy? I canceled my request but will ask to see the text from Fon tonight.

text: I just think it's strange that both beds are used. I typically sleep in one and put my suitcase or bag on the other. You? Heat was high too which is just the way Cindy likes it.

"text: I don't think so. He just wanted to be sure that we knew. I told him that we will need to review with anyone that was involved and so we were going to wait. Here is his number if you want to do differently:

269-303-1027"

text: I don't know. I'm blocking their numbers for the weekend. Can't deal with their insanity. Tomorrows a state holid

"text: I almost threw up when I read this from Todd's email(?):

""In closing, my heart is broken for the spiritual health of our nation. My earnest hope and prayer in bringing this effort, and in all of my efforts, is to see the revival in all of our lives, our marriages, our families, our communities and of course for our nation, to be reawakened to the beauty, majesty and awesomeness of a loving God who in writing His love story to us has sent His one and only son to die for us and yet given us the freedom to accept or reject Him and His plan for our lives. In all this I will again ask you to recommit to praying for our nation and for the Leaders who are given by God to lead us forward in these precarious times."""

"text: Housekeeping usually makes both beds when they clean each day so both beds used yesterday?

FYI She checked in at 1:29a and he checked in at 7:51a Tuesday morning.

Called him at 7:21 for 4 minutes

Called her at 7:54 for 1 min

Called him at 8:13 for 1 min"

text: Hotel room is considered private.

text: Hotel has now told me that his reservation is for Tuesday and Wednesday, not Monday and Tuesday. S

"text: Hey, my apologies because I feel bad that I'm copying and pasting this to you. But here are some thoughts I have:

Tomorrow afternoon will be a press conference with Cindy in East Lansing. I am planning on going to that and supporting her in that statement. I don't know where this all goes eventually but I feel that it is MY duty to be there, even if she may ultimately not be able to see our marriage working. In my eyes, although I'm doing it for Cindy, I'm ultimately doing it for my kids and showing

text: Haha. Ok. Nothing yet but I know that she told "someone else" that she found a recorder. I'm sure it will get interesting. Appreciate your thoughts. I hope dinner was good. It looked excellent!

"text: Fox Detroit called and asked Cindy for comment. They said the story is running tomorrow. She said no comment. She is also planning on canceling our counseling season for tomorrow pm because she doesn't know where she'll be at mentally tomorrow and what she'll need to address. She is going to the GR zoo with the kids though.

I told her that fine, we'll push it off to a later date.

Should be interesting tomorrow. "

text: Ehh not much interaction with them thankfully. Todd was in a weird mood

text: Driving home now. Not sure what she's doing tonight. I may have dinner with Keith.

"text: Doesn't appear to be jailbroken or any weird apps on my end. Hmm.

Joey did tell me that when he talked to Cindy she sounded really bad - tired, haggard, etc. :)

By the way, he obviously didn't take a shower this am as the shower curtain was ""out"" of the tub? Must have had a bath last night?

Verizon website says *67 will provide the call receiver with ""private"", ""anonymous"", or ""restricted"""

text: Did Todd's privileges get removed from Cindy's Nationbuilder and vice versa? And that would be for any and all of Cindy's usernames on Todd's?

text: Cindy told me she was contacted by Chad Livingood of the Free Press and said that he talked to Todd regarding and audio of Todd admitting to the affair. Also told her that he has audio of the three of them at the State House where she admits to it as well. She asked me to pray about it and said it will likely come out tonight or tomorrow. They had video cameras at Todd's office this morning.

"text: Cindy has been making plans for DC to leave 4/8 am, return 4/10 pm (of course I don't know this!).

Although, she now has two meetings next week on 4/8 pm that she needs to be at, so??? Unless she leaves late from metro on 4/8 I'm thinking she might not be going. "

text: Cindy also told me that apparently there's nothing she can do because I said "obviously others know about what is going on". She said then it doesn't matter does it? I said sure it does, you can try to save your marriage and family by stopping what you're doing. Also, I don't know what will happen. Maybe nothing. Maybe something. All I can tell you is that you need to end it now.

"text: Cin It is not up to me to go into your computer to get the files, it is up to you to take the step and give them to me. I only asked for the computer because a week had went by and you still didn't give them to me. You used your computer to store and listen to hundreds of hours recordings of my private conversations. If you cared you would see that giving me the files and showing me that everything is erased would be a healing step for me and go a long way for you rebuilding trust. You had your computer out in the table while I was gone at my moms then Saugatuck the entire time. Yet for the two days before that when I was gone and you had supposedly found the files, your computer was locked in your truck and not brought in the house.

You had an opportunity to really help heal in this, I told you it would help to give me the files, you knew it and said you would, and yet you have done everything to not give them when you could have easily sent them to me or given them to me on a memory stick, and now you are blaming me for it,

Me The files were located on Thursday. I did not bring my computer in the house Thursday evening after Meghan's game and the movie. Friday morning y.. ◆"

text: Apparently Cindy has a pretty big meeting tomorrow with an unnamed person(s) to discuss the hotel incident and maybe others(?). She told me "you may want to pray about it...or maybe you don't want to pray about it." Sounds like she's getting called on the carpet. She did say "I guess it is what it is".

I went to sleep at 330 and woke at 530. She is gone, gas her jacket on but car is in drive. I think someone came by and picked her up and they're discussing a plan at some local backwoods diner. I'm looking now and then heading home.

Not sure what you are trying to say. You are you lamenting me meeting with them without you? You seem almost in despair over the idea. If you want me to just cancel it I am glad to do so. My stuff won't take long to update and either they will have some items done or they won't remember them or they will give me excuses. In any event my stuff if you think it's critical for you to hear then it can wait for you to be there. But enjoy your night and we can chat on it a bit later. Enjoy your night and have a good time and make some memories. :)

I would like to meet post meeting as well I am selfish about that; so I am a bit torn on the idea; would you be upset if I asked her to come? Really let me know if you have strong feelings on it; I won't be upset if you want me to just let it go; the way you let me know is to say "just think on it." i will wait till before bed to ask her and then I'll ask her if she is up for it or not; it's a long ride. I really need some time with her and its a good spot to have her think again on college but again it's a hell of a long ride 3.5 hours from here or more if she is driving so I am a bit torn on it tonight on it all for a variety of reasons.

This is where He has to come in and move and carry us or not. It's in His hands and we are in His hands and that is very reassuring to me. We will just do what we can do and then we have to let go and let Him do it and faithful and trusting and loving in how we walk it out; we can't change what we can't change but we can change what we can and we should just do what we can to work thru each moment and relationship as best we can.

So really you just decide how all your stuff firs for tomorrow and then we can work around it. I can come over to Lansing and lock some admin out and eye the stuff you have and do my email out and then drift back this way. Or it can all wait till Tuesday. Or I can wait till you come over this way tomorrow to see just see what your looking at and chat then. It's honestly your call. I can't be sure but I think any of those scenarios can be doable and might work. But it's all dependent on your window and timing and what you have on your plate.

Good morning; I hope you slept well; hiding in my office again; lots happening in my mind overnight on all this; feel no need to respond immediately to it, I know it's early; a couple of developments - dan sent the texts and I asked him to do a summary of what surrounded his involvement; I blind copied you on that email back to him so we can eye the texts and decide which we want to release. Also I text tim On my meeting with him and I set up 8 am Monday morning. We need to decide on handing over a copy of the cartoon and also about Ann's tape as well. Finally overnight I thought about what they could have taped and how we are intertwined in our testimony on all of it and first we have to be in unison as best we can and second we might need to explore with counsel filing for an injunction on the takings to challenge the Sullivan case and see if the court is able to in some way stop the house expulsion efforts from using these tapes. Essentially challenging the legislatures authority to use this evidence in their actions against us.

I understand what you are considering and why; and just know I will be praying for you and your discussions with your children and your decision; Tuesday will be hell for sure even if no one says a word it will be hell to walk down that isle; if you feel the Lord has you at tapping out then I understand; if you are still feel God has some reason to walk it out we can then discuss the rest later. I'll be praying for you and yours.

What we are dealing with - some of it is you and some me and some both of us - 30 media moments today to a wall of cameras and dealing with a world wide sex scandal, hundreds of calls for media, entertainment tonight, inside addition, dr Phil, good morning America, cnn, not to mention spouses, children, a censure hearing, an expulsion effort, a recall effort, a plethora of calls for resignation, an anonymous blackmailer, a new road tax, a state police investigation, an attorney general investigation, and a local paper editor that hates me, two challengers, Not to mention they are just inching to put me in prison. And that was just today. I need help on what can be done in this situation and what can't, because the other side has a plan and I don't know what it is or what hand they are holding, so can I be recalled and if so how, can I be censured, expelled, jailed, or disbarred if so how and how not.

INTERVIEW COMPLAINANT:

The following interview was recorded by audio and video in the interview room at the MSP Lapeer Post. The door to the interview room was left unlocked and open during the interview. Below is the interview with the complainant, Todd Courser. The interview began at approximately 1146 hours and concluded at 1419 hours.

Courser advised that he was being "blackmailed" by text messages. I advised that the MSP can temporarily seize his phone. I spoke with Courser on the process for searching his phone.

Courser advised that he ran for state representative and created a lot of enemies along the way. He advised that he is a "very liberal/conservative guy". Courser advised he was sworn in during the month of January 2015. Right away there were issues with surveillance and monitoring out of Lansing. I asked what he meant by surveillance, and he advised it was a "bowl" as if everyone is watching. He has been married for 18 years and admits that an affair took place. He stated "They" figured it out. "Whoever they are". The affair took place at the beginning of the year. Courser advised that these people started texting sometime in May. He deleted some of the first messages and ignored them afterward because they were "Whatever" and "They were garbage". May 19th is the date of the first text message that is still on his phone. "I think there was more, but I think I deleted them", Courser states. Courser showed some of the messages to me during the interview and read the messages from his phone. The first message is from May 19th. The first text messages mentioned that it was a "burner phone" and that Cindy was "great under the sheets however you (Courser) have no stamina.. silence can be very deadly." Courser advised that this was "weird" and that he ignored it by never responding. On the 20th, this unknown person names Courser's mother, Joe, Dan, and Fon and states it could be disastrous to your career and your family. Courser advised that he just got back from DC at this time. He read the texts stating that "I thought you two were going to be alone but you dragged your family along and cost me $1200." The texts continued and Courser advised that it said "Todd, have your phone swept. Why do you only have 4 vets? We're everywhere". I asked what it is referencing, and Courser advised that it "was a piece of legislation where I was having a conversation with my phone, and so he was letting me know that I could hear you." Courser advised that it was "creepy", and he had no idea who this person was that was texting him. Courser stated "Hell no" when I asked if he knew who it was that was texting him.

Courser read another text "What are they going to do to defeat you when you're an incumbent? They won't need $150,000, they have me". Courser advised that this person was letting him know that the surveillance was there. Courser advised that this person goes into it further detail later on stating that there are emails, texts, audio, and video. Courser continued reading "Messages will come from a different number soon. This one is getting dumped. Nobody's asked what my intentions are... what I want.. odd?" Courser advised "before these texts start, my mother knows about the affair and at this moment I am telling my wife." At that time, Courser advised he was trying to figure out how. Courser advised that he was telling them prior to receiving the text messages.

Courser continued reading "I don't have a desire to destroy families. I don't give a rat's ass about politics. Vaupel sucks though. You both know that I hold significant evidence of your affair." Courser advised me that she (Cindy) is at this point getting similar texts. Courser states that sometime around the 20th or 21st of May, his brother was also getting the same texts. I asked him again when his brother was receiving the texts and he stated he thinks it was the 21st or 22nd. Courser advised at that time, all his family knows about the affair. Courser continued reading "Relax.. I'm not leaking anything yet. Pay people better to keep quiet. I pay them better for info.. Radisson". Courser advised that this person was referring to the Radisson hotel in Lansing. He read, "Let me make this crystal clear. I need some open dialogue. I've heard from you, Cindy. Courser advised that Cindy had responded to the messages she was receiving. Courser then mentioned that Cindy was having a press conference on this date, and that it was going to blow up around the world.

He continued reading, "Better tell Todd to man up. As long as I'm appeased, my cargo will never reach port so to speak. Can I please get a confirmation?" Courser advised that he never responded or confirmed to the text. Courser continued reading "Good afternoon, contrary to what you may think, I have other cases I'm working."

Courser paused and said that he believes he told his wife around this time or was thinking about talking to his wife about the affair. He continued reading, "Todd, go to your weekend retreat. Enjoy this last holiday as a state employee. Big changes next week kids as I change the political landscape. You both can prevent this really. You never asked how. I can show your whereabouts when not in session, meetings or together. Those whereabouts do not include seedy alleys in Lansing having sex with men Todd. Grow up. I sell non- fiction, you however spin fairy tales and fiction. That email can't find another inbox... Oh, change your passwords too. Dumb.." Courser stopped and advised that this was significant because this unknown texter had known his information.

Courser advised that it was only by text messages. He advised he was trying to decide who this person is and he suspected his staff. Two staffers were with him for a long time but he was wondering who it could have been in his staff. He advised he was changing his passwords, afraid that they had the information because his staffers have access to all the relevant information. Courser advised in doing so, "The guy is still giving me indication that he is doing these things". I asked him if he received any suspicious emails or anything to connect his staff and he advised "No".

Courser advised at this time he decided to send out an email as a "misdirection" and also known as a "false flag email". This email involved a lot of very "lewd conduct". Courser advised that he has already admitted to sending it and the public knows all about it. Courser sent it out and see where it came back. He had a conversation with one staffer and found out that he had audio recorded it. He advised that there were a lot of gaps and pauses in it. He advised the public is only getting a portion of what was actually said. Courser advised that he went back and forth with this staffer to try to see whether he was on the "same team or not". I asked if this was a face to face conversation and he advised that is was and took place at his office in Lapeer at 10pm on the 19th. Courser advised everything in the email that he had sent out previously that all of it was not true. Courser advised that this staffer does contract work out of Coursers office. He advised that the staffer had recorded the conversation without his knowledge. Courser advised that what it sounded like on this audio tape was that he was trying to persuade the staffer to send out the email but when in fact Courser was trying to find get the staffer to admit that he is involved in the "blackmailing plot". The public doesn't know that. They believe its just a cover up. Courser advised that his family already knew so that it didn't make sense that he would that.

Courser began reading more texts "I'm letting everybody off the hook... on one condition only. You resign Todd, Tuesday. Mention your health, your new found family bond. Do not mention Cindy at all. Call me karma. This is for the others too!" Courser advised me that this person is sending the same exact texts to his brother as well. Courser advised that he doesn't get group texts on his phone. Courser advised that his brother went back and forth with the texts and responded several times to this unknown person. Courser advised that he never responded to the texts and only received them.

Courser read "Rise and resign Todd.. rise and resign day." Courser commented that it was about referencing his family and health. He continued reading "Good morning, hope you found your soul- searching weekend peaceful." Courser advised that only one of his staffers knew that he has health issues. He stated that recently he has been going through testing but didn't say specifically what the health issues were. Courser advised that he brought each staffer in individually and have interviews with them. Courser advised that the one staffer had a lot of "stuff" on him that includes video, audio, etc. Courser advised that he believes he knows of five

possible suspects. Courser continued reading and a media reporter's name was listed, Tim Skubick. Courser advised that he had not talked with Skubick at all about the matter. The person sending these texts advised that Skubick was questioning the authenticity of some of the audio.

I asked Courser when the audio and information was released to the public and he advised Friday, 08-07-15. Courser advised that it started in May and continued until this month. Courser advised that in the texts it mentioned the use of an anonymous source. Courser stated that Skubick wouldn't be that way and would get the exact facts to back up his stories.

Courser advised that at this time he was trying to figure out who this person is and was talking to his wife about the situation. Courser advised that Cindy had no idea and advised the five people that he had put together as being suspects was what he had "surmised" as being the persons of interest.

Courser mentioned about tracking the phone number and he stated that the phone number was not active any more. I asked if he had checked into the phone number and looked into the matter. Courser advised that he had already been to the FBI but they were telling him to come to the Michigan State Police. I asked him again if anyone else has looked into the matter and he failed to answer my question. Courser proceeded to advise that the "reason I didn't come to you guys sooner, Cindy went to the Capital Police thinking that they were going to hand it off to the Michigan State Police but they didn't. They turned it over to the Speaker's Office. I asked when did she report it to the Capital Police and he advised that he believed it was on Friday, August 7th. Courser stated he didn't know the details on this.

He continued reading the texts from the unknown person that there was video evidence, etc and the texter requested Courser to call a personal cell number of: 517-643-0013. Courser said he never called or contacted this number. He continued reading the texts "Uh oh! Good luck! Just got back to the states and heard the news. Wow.. firing staff!" Courser advised that he fired two staffers. One was his staffer and another was Cindy's staffer. Courser advised that sometimes they would share staffers and these two were shared. Courser advised that the media was saying that there were misuse of state funds and the staffers had been fired. Speaker of the state house has said that there needs to be an investigation. Courser stated the Speaker's Office was informed by these staffers that there was a conversation that took place of which Courser stated never happened on state time or state property with someone he thought he was friend's with. Courser advised that the Speaker's Office was in a soft spot and was trying to save their own credibility because they didn't have any knowledge but they met with them days later. Courser continued reading the texts and the texter advised that he had seen Courser at the Great Lakes Crossing and advised that "you guys are easy and idiots". The texts continued advising that this texter was meeting with the Speaker of the House. Courser advised that he believed this unknown texter had some "connections". Courser advised that the texter continued and advised that he was speaking to Keith, Ben, and Joe. I inquired about who Keith and Ben were. Courser advised that Keith was a chief of staff and one of the two that was fired. Ben was a general staffer and let go at the same time Keith was let go.

Courser advised that Ben was intentionally taping him. Courser proceeded to name a civil case and mentioned that taping without the other's knowledge may be illegal. Courser then answered my questioning reference Keith and Ben. Courser advised of another staffer being Joshua Kline who resigned. Courser advised that Ben and Joshua had a partnership in his office. I asked if he knew that they were possible suspects and Courser

advised that they were 3 of the 5 suspects. Courser advised that all three, Ben; Keith; and Joshua, were very close. Courser advised of David Forsmark who joined partnership with the previously mentioned three.

Courser made a trip to Washington DC prior to the texting in the month of April. Courser advised that the previously mentioned four were all political operatives. Courser advised that they were fired because they were incompetent. Courser advised that Joseph Gamrat was friends with all them.

Courser advised that nothing was done through email or facebook or social media. He then noted that he believes we will only be able to get testimony from others.

Courser then advised that Ray Kline had approached him on facebook messaging. Kline wanted to sit down with Courser and meet with him. Kline reportedly had sensitive information about Courser. Courser never met with him.
Courser stated that another person named Larry Moyer had done the same as Kline. Courser noted that Kline was attempting to be specific about certain incidents and that they had communicated back and forth enough to be suspicious that he may have something. Courser suspected Larry Moyer and Ray Kline as being possible suspects.

Courser advised that the texts somehow link between the five or so persons he suspected. He believes they may be involved due to the fact that they had access to his personal information as staffers.

Courser noted that his phone number was pretty well known world wide and that it was not considered to be private.

Courser read more texts stating that his (Courser's) wife had an affair before he did. Courser advised that he had no idea what that is about. Courser advised that the next texts stated "I may need some funds. Offer to help?"

Joseph Gamrat's phone number was listed in the next text being: 260-504-6649. Courser advised that in the texts, the texter names Dan and Tim as being possibly linked to the phone number. Dan being Courser's brother and Tim being Cindy's brother in law. Courser advised that he found out it was Joseph's TX.

Courser then advised that the only person that has heard the audio was Joseph Gamrat. Courser advised that he doesn't know what the audio is. He advised that Cindy told him about the audio of being some conversations and then "illicit sounds" and that Joseph had heard the audio. Courser advised Cindy told him at the beginning of the affair.

Courser read the final texts from his phone being on August 7th: "Amazing.. what would have happened if you simply listened.. too late.. kaboom..." The texter asks for both Todd and Cindy to resign and mentions "Chad". Courser advised that "Chad" is the reporter that broke the audio from Ben to the media. The texter states that Ben has pictures and video, some being "steamy" and tells Courser to resign now or it will be released.

Courser advised Keith and Ben had confirmed that Courser's office had been wire tapped. They told a staffer, Ann Hill, who is a staffer for Gamrat.

I asked if the texts had skipped any months or if they were continuous. Courser advised that he didn't think they did but advised they "slowed down some in July some". Courser advised he took photos of each of the texts including his brother's.

I advised Courser that we could seize the phone temporarily but he did not want to leave the phone with the Post. Courser advised that he would like to be along side the computer tech when the download and search is being completed.

Courser advised that there was no mention of a threat involving money other than that which was mentioned above on July 21st. Courser inquired about a charge of extortion or similar charge involving a public official. Courser advised that he has not consulted with his lawyer at all. Courser advised there has been no other threat than that of someone releasing information to the public about his affair with Cindy.
Courser advised that he had some people look at the phone number from the unknown texter. He advised that a name of "Renee Leech" had come up. I asked him if he has had anyone look into the matter I.E. private investigator. Courser advised "No".

Courser attempted to find the person that checked the number but couldn't locate his information on his phone during this time of the interview. Courser advised that he did not do any checking whatsoever and that the whole world had checked it out.

In summary for the initial part of this interview, I inquired about when the family found out about the affair and incident. Courser advised that it was either just before May 19th or just after May 19th. Courser advised that he just couldn't get his dates right.

Courser advised that his brother emailed him the texts that he received on his phone.

Courser stated that if someone looks at this whole story, it looks like its all made up. "Its totally made up... but the problem is, it happened".

I asked him if he had the false flag email and Courser advised that he can provide a copy. Courser advised that there are probably a "kernal" of truth in the email but for the most part it is a lie. The initial portion of the interview was concluded by a summary and clarification of what was discussed.

I asked Courser if he wanted to make a voluntary statement but he denied and wanted time to type up the statement for a later date.

He also wanted to advise that a name of Renee Leech was brought to his attention by a person on Facebook but didn't provide any further information on it. He attempted to access facebook at the Post but could not receive a connection. I stepped out of the interview room at approximately 1250 hours and returned at approximately 1334 hours.

I asked Courser if he was willing to temporarily turn over his cell phone so that the Computer Crime Unit would be able to pull the text messages and facebook messages in question off from the phone. Courser

responded with "I don't know what you are thinking but could you be without your phone for two weeks?" I explained again what the process would be in seizing the phone. Courser advised that "I am not giving you my phone. With all that has happened...Someone could put something on it". I advised him that we all could lose our jobs if that was to happen and he responded, "There is no way I could prove that it didn't happen". Courser advised that he wanted to sit down next to the computer tech while he was downloading the phone. Courser did not want to leave the phone without him being present. Courser advised that he has been living in surveillance for 6 months and didn't want to turn over the phone.

I asked about Renee Leech again and he advised that someone did a search online but doesn't know who. Courser advised that he was approached at an event by a person that located this name online. Courser does not know who this person was that approached him. Courser advised that he was at a lot of events and could not remember. Courser advised that he will track down the name but if we were to search ourselves that we could find it.

Courser advised that another hispanic male name was brought to his attention after speaking with a Jeff Phillips who is a facebook friend. Courser advised that he is only a friend from the Kingston or Caro area. He did a search and the number came back to this name. It is unknown where the search was completed.

Courser advised that Jeff Phillips approached him on Facebook and found the name as noted above. Courser advised that he found this around the time of August 7th, 2015. Courser advised that Jeff was a "phone guy". Courser stated that he didn't look it up because that's the reason he is coming to the State Police.

I inquired Courser about approaching Ben on sending out the "false flag email", and Courser advised that "he did not send out the email". I asked him if at any point that he had any conversation with Ben about sending the email. Courser responded "I had conversations with him leading up to that night which aren't on the tape discussing that someone was blackmailing me. Ben was the only one that knew I sent out the email." I asked him when the email was sent out and Courser advised it was sent out on May 19th. Then he changed his date immediately advising May 20th. He advised he sent it out on May 20th. Courser advised that the texter texted him back on the 21st and said "I know that was you that sent that out". Courser believes that because the only person that knew about the email was Ben, and believes Ben is the one to have been texting him. Courser advised that he told been about the affair on the 19th to Ben. Courser advised that Ben never sent out the email but did assist. I asked him, "So you asked Ben to assist, although you thought he was a possible suspect?" Courser responded, "Yes... he has been a friend for a long time."

I asked him why he would attempt to use Ben as a "double agent" if he suspected him at the same time asking him to assist in sending out a fake email. I asked him if he thought that any of the information that Ben already knew could have been in the text messages. Courser advised that he did not understand. I confronted Courser on the fact that he stated he wanted to "inoculate the herd" and assist in sending out this email. Courser agreed with the statement. Courser advised that Ben is a "tech guy". Courser advised that Ben knew everything about his accounts and passwords. Courser stated he, himself was able to send out an email but Ben was more involved. He advised that he couldn't remember the exact detail because it was three months ago. I confronted Courser again on the dates of which the email was sent, the texts were sent, and Ben's knowledge of the incident. I asked Courser if he knew he was the suspect, why treat him as a "double agent type". Courser

interrupted me and advised that "you guys are better at that type of stuff and Ben is a friend... I was hoping that (him as the suspect) was not the case". Courser stated that Ben advised "No" in helping him to send out the email at the same time Ben was taping him, according to Courser.

I asked Courser why he waited all this time to report the incident. Courser advised that he met with the Lapeer County Sheriff about tracking a number. I asked when he asked him, and Courser advised he checked in June. Courser then stated he was trying to work through it with his family in the background, attempting to prove that Ben was the one who was the suspect. Courser advised "I still can't prove that he was the one that did it, other than the fact that he has been taping me". Courser advised that he did not report it to the sheriff in Lapeer. I asked him again why he hadn't reported it since May. Courser advised that he didn't have any of the details together.

Courser advised that it wasn't a smart decision when I confronted him again reference the email. Courser advised, "Right" when I told him that in sending the email, could it be a reason for a cover up over his affair. He further added again "it was a bad choice"- referring to sending out the email.

Courser advised that Ben is the only person he has for any type of email or tech work. I told Courser that he, himself is capable of writing an email and sending it out. Courser agreed and said he was cabable. I asked Courser why he felt the need to specifically meet Ben for that reason. He advised that he didn't need him other than for the fact that he thought he might be "the guy".

I confronted Courser again on the reason for sending out the email was to cover up the affair and down play what had taken place, and what his family already knows. Further that his family knew, so why did he feel the need to send out the email. Courser started to agree but then advised that it wouldn't work like that. He stated he would have to send it out to thousands of people and instead he only sent it to approximately 200 people. Courser said that he sent it out to try to see if he could locate the person who was blackmailing him and it worked because the unknown texter sent a text back to him about sending out the email. Courser still advised he didn't know who it was because the texter is unknown and only suspects its one of his staff.

I asked Courser if he was the one to send the text messages. He laughed and replied "No". He advised that I could talk to his brother in regards to this.

I asked Courser if it is a fair statement to agree that he, while thinking it was a poor decision to send out the email, sent out the email to attempt to cover up his affair while using Ben in the process. Courser responded, "Well..... there is multiple reasons for doing it. That would be a fair reason... but.." I also added other reasons confronting Courser with how he was feeling guilty about it, the fact that Cindy has reported it earlier, and how now she is having a press conference on this date. Courser only replied "I thought that the State Police were already looking into it and I went to the FBI." I advised him that he was the complainant. Courser then answered "Cindy is the complainant too and they are asking her to resign as well". Courser then advised that he went to the sheriff and the FBI. Then Cindy went to the Capitol Police. Courser continued " They all told us we needed to go to the State Police". I asked him if there was a reason why he didn't come to the State Police in the first place, and Courser replied "No.. there is no reason."

I asked him the reason for going to the sheriff's office, and Courser said he knew Ron (Sheriff), asking him how to track a "burner phone in relation to this". I was attempting to ask him of why he hadn't reported it for all this time, and Courser interrupted advising me "if you have the resources, then you can see its me.. so just track it". Courser advised that he did not send out the text messages to himself. Courser advised that he is happy to face a felony charge of a false police report.

I asked why he has not reported it since the month of May. Courser advised that there was nothing to report because nothing was released to the media until now. Courser advised that he was coming into the Post to report of being blackmailed and that he wanted to know whether we were going to investigate it or not. Courser stated "bring it". Courser asked for an investigation or he wanted to go to Lansing MSP for a report. I advised him continuously that the matter will be investigated. Courser became agitated at the end of the interview and advised that he did not want to turn over his cellphone. Courser mentioned that he was at the Apple Store prior to this interview repairing his cellphone because he was having trouble with his email. I requested that he provide me with a copy of the email in question, the name of the hispanic male assigned to the phone number in question, the name of the person who approached him at the event with the other name "Renee Leech", and also provide his cellphone for the Computer Crime Unit. The interview concluded.

REPORT OF EXTORTION

JOURNAL:
None.

CONTACT FBI:
On 08-17-15, I made contact with FBI Agent Hauxhurst by TX. He advised that Todd Courser came into file a report on 08-11-15. Agent Vandenbossche has been assigned to the assessment. The FBI has not initiated a criminal investigation at this time and are only completing an assessment of the case. Courser's cellphone was not processed by any of their computer technicians during the time Courser made the report to their office.

CONTACT CAPITAL POLICE:
On 08-17-15, I made contact with D/Sgt Kraig Britvec- MSP Capital Post by TX and updated him on the case.

At a later time on 08-17-15, D/Sgt Kraig Britvec arrived at the MSP Lapeer Post to brief on the case and turn over a dvd disc of Facebook screenshots/social media and a audio recording of a response from Todd Courser that was released to the media. The MSP Computer Crimes Unit- Lansing obtained these files and transferred them to disc. The disc has been entered into property below. D/Sgt. Britvec advised that Cindy has consulted with her lawyer and was not willing to speak with law enforcement. On this same date, Joshua Kline, a former staffer was to speak at a press conference on this date in Royal Oak, MI. D/Sgt Britvec attempted to interview him prior to the press conference, but Kline declined and advised he wanted to speak with law enforcement the following week.

CAPITAL POST COMPLAINT NUMBER:
#16-256-15

REVIEW CCU-LANSING DISC:
The disc provided was a copy of files downloaded by CCU- Lansing. Reference complaint #CCU-1952-15. The disc contains several screenshots and images from Facebook and other social media. Some of the files were images of the suspect text messages that Todd Courser had been receiving. It is known that Todd Courser shared these text message images on his Facebook account. Also located on the disc is a audio recording of Todd Courser's response to the media. Upon reviewing the audio statement by Courser, nothing was found to be inconsistent with his statement provided on 08-14-15.

Upon reviewing a social media video located on his account that shows Todd Courser seated outside his office in Lapeer participating in the "Ice Bucket Challenge". It appears in the video that Todd has his cellphone in his hand. Todd places the phone in his lap just prior to the bucket of ice water being dumped over his head. The cellphone is placed in his lap and the phone is clearly observed being covered in water. It is not known at this time at what date or time this took place.

In reviewing the facebook screenshots and information, one discrepancy that needs clarification was found. This discrepancy is that of a facebook post on Courser's timeline on approximately August 11th. The last paragraph in the post states "Courser said that he did not engage with the blackmailer, who also was contacting Representative Gamrat and other contacts of Courser and Gamrat, including financial supporters." In Gamrat's initial statement, he advised of the only other persons receiving the suspect text messages were: Cindy Gamrat, Joseph Gamrat, and Dan Courser.

CCU- LANSING:
On 08-17-15, I made contact with MSP Computer Crimes Unit- Lansing by TX. They advised they received a request from F/Lt Brody Boucher to monitor Todd Courser's Facebook account. On this date, I requested they monitor his Twitter account and any pertinent social media.

PRESERVATION LETTER- FACEBOOK:
On 08-17-15, a preservation letter for Todd Courser's facebook account was requested and completed on this date. His account will be preserved from this date for approximately 90 days.

CONTACT LAPEER CO CHIEF PROSECUTOR:
On 08-17-15, I made contact with the Lapeer County Chief Prosecutor Turkelson by TX. He has been updated on the case and findings.

ATTEMPT CONTACT LAPEER COUNTY SHERIFF:
On 08-19-15, I attempted to contact the Lapeer County Sheriff. His secretary advised the Sheriff will be out of country and not available by TX or in person until 08-25-15.

CONTACT D/SGT BRITVEC:
On 08-19-15, I made contact with D/Sgt Britvec by TX. D/Sgt Britvec interviewed a former staffer, Ben Graham, on 08-18-15. He advised this complaint will remain open pending contact with Todd Courser and seizure or processing of his cellphone. A separate investigation has been initiated by the Capital Post for a case of misappropriation of funds reference Todd Courser.

FBI COMPLAINT:
Case #9B-DE-C6583961 Received at the FBI Flint Office on 8-11-15.

On 08-19-15, I received a copy of the complaint that Todd Courser made to the FBI Flint Office on 08-11-15. The report has been attached as an external document.

Within the FBI's statement, Courser advises of the following information:

Courser sent the email to approximately 500-1000 people. Shortly after sending the email, Courser received another text message that stated the email was an insufficient attempt and "way over the top". The text also advised Courser that he is stupid and should change his email passwords.

Within two minutes of receiving the aforementioned text message, Courser received an email from Michigan Information Research Services (MIRS), Reporter Kyle Molynn. Molynn indicated that he had a source tell him that Courser generated the email. At this time, Courser advised Molynn that Courser had no comment. Courser stated that Graham was the only individual who knew Courser generated the email.

Prior to receiving the aforementioned text and email from Molynn, Courser had advised his wife about his affair.

On August 7, 2015, the conversation between Courser and Graham discussing covering up the affair was released to the media. After the release, Courser received another text message advising Courser to "resign or Chad Livengood gets it all". Courser advised that Chad Livengood is a reporter.

Courser believes that the text messages contained specific and detailed information that only this former staffers, Graham and Josh Klein, would be in a position to know.

Approximatly two to three weeks ago, Allard was "let go" as a staffer. Three days prior to being let go, Allard met with Courser's current staffer, Ann Hill. Allard asked to speak with Hill outside of Courser's office. While outside of Courser's office, Allard advised Hill that the office was "bugged". Allard put pressure on Hill to quit her position as Courser's staffer and attempted to scare her with potential consequences if she did not.

Courser advised that he provided the telephone number from which he received the aforementioned text messages to an unidentified individual located in Caro, Michigan in an attempt to identify the person responsible for sending the text messages. The unidentified individual in Caro advised Courser that the telephone was subscribed to an individual in Detroit, Michigan and was likely a "burner phone". Courser could not recall the subsriber's name in Detroit.

TODD COURSER

Complaint Synopsis: (U) Todd Courser provided a complaint regarding the receipt of text messages advising Courser to "Rise and Resign".

Received On: 08/11/2015

Receipt Method: In Person

Incident Type: Criminal Activity

Complaint Details:

On August 11, 2015, Michigan Representative Todd Courser, date of birth August 2, 1972, address 3110 Murphy Lake Road, Silverwood, Michigan 48760, cellular telephone number (810) 423-3376, was interviewed at the Federal Bureau of Investigation, Flint Resident Agency. Courser advised that he wanted to provide information regarding text messages Courser received demanding Courser to "Rise and Resign".

Courser was elected to the State of Michigan House of Representatives and took office in January 2015. On May 19, 2015, Courser received a text message from telephone number (313) 421-5345, indicating that the individual sending the text possesses hundreds of hours of surveillance "tape" of Courser. The unidentified individual informed Courser via several other text messages that he/she knows of

Title: (U) Complaint received from Michigan Representative Todd Courser.
Re: 9B-DE-C6583961, 08/19/2015

Courser's affair with State Representative Cindy Gamrat, Courser's travel schedule/patterns, and personal conversations. Within the aforementioned text messages, Courser was advised to "rise and resign" or the information would be released to the public.

Courser advised that he did not respond to any of the text messages. In an attempt to cover up Courser's affair and to identify the individual responsible for sending the text messages, Courser devised a scheme which he discussed with his former "staffer" Ben Graham. Courser discussed covering up the affair by generating an e-mail with the appearance that the e-mail was sent from an anonymous individual. The e-mail indicated that Courser regularly meets in an alley and has sex with other men. Courser believed that the e-mail message was so obnoxious that most people receiving the e-mail would disregard; however, he also thought that it could help him identify the individual sending Courser "threatening" text messages. Courser stated to the interviewing Agent that the idea was crazy and in hind sight a horrible idea, which did not work.

Courser did not know that Graham recorded the aforementioned conversation when Courser discussed his scheme. Courser sent the e-mail to approximately 500 to 1000 people. Shortly after sending the e-mail, Courser received another text message that stated the e-mail was an insufficient attempt and "way over the top". The text also advised Courser that he is stupid and should change his e-mail passwords.

Within two minutes of receiving the aforementioned text message, Courser received an e-mail from Michigan Information Research Services (MIRS), Reporter Kyle Molynn. Molynn indicated that he had a source tell him that Courser generated the e-mail. At this time, Courser advised Molynn that Courser had no comment. Courser stated that Graham was the only individual who knew Courser generated the e-mail.

Prior to receiving the aforementioned text and e-mail from Molynn, Courser had advised his wife about his affair. Courser also had scheduled a family vacation at Spring Hill Camp in Evert,

Michigan. The same day that Courser received both the text message referencing his "insufficient" e-mail and the e-mail from Molynn, Courser received another text message that indicated Courser should take some time to spend with his family at camp and when he returns Courser needed to "rise and resign".

Courser's brother, Dan Courser also received a text message from the unidentified individual that indicated for Dan to talk some sense into his brother or damaging information possessed by the sender would be released. The text message indicated that the information will be bad for the Courser family.

Upon returning from the aforementioned family vacation, Courser received another text message that advised Courser that he had until Tuesday to rise and resign or audio and video of Courser's affair will be released. Courser continued to receive text messages about releasing audio and video and calling for Courser to rise and resign until August 7, 2015. The text messages routinely included details that indicated the individual sending the text messages knew what he was talking about and was serious.

On August 7, 2015, the conversation between Courser and Graham discussing covering up the affair was released to the media. After the release, Courser received another text message advising Courser to "resign or Chad Livengood gets it all". Courser advised that Chad Livengood is a reporter.

Courser believes that the text messages contained specific and detailed information that only his former staffers, Graham and Josh Klein, would be in a position to know. Such as Courser's travel schedule and specific conversations. Courser advised that he believes Graham, Klein, Keith Allard (former staffer), and David Forsmark (political consultant) are responsible for, or associated with, sending Courser the aforementioned text messages. Graham, Klein, Allard, and Forsmark reside in Davison, Lapeer, Grand Rapids, and Flushing, Michigan respectively.

Title: (U) Complaint received from Michigan Representative Todd Courser.
Re: 9B-DE-C6583961, 08/19/2015

Approximately two to three weeks ago, Allard was "let go" as a staffer. Three days prior to being let go, Allard met with Courser's current staffer, Ann Hill. Allard asked to speak with Hill outside of Courser's office. While outside of Courser's office, Allard advised Hill that the office was "bugged". Allard put pressure on Hill to quit her position as Courser's staffer and attempted to scare her with potential consequences if she did not.

Courser stated that he believes he is being pressured to resign because he is not politically aligned with either the republican or democratic side of the house. Courser votes no on every budget increase or tax increase to include being the biggest proponent against the gas tax to fix the roads. Courser believes that someone conducted enough research to include surveillance of Courser until derogatory information was obtained and used against Courser in an attempt to get Courser to resign. Courser believes that due to the fact that he does not conform with other representatives and/or their ideas, he was targeted and pressured to resign.

Courser advised that he provided the telephone number from which he received the aforementioned text messages to an unidentified individual located in Caro, Michigan in an attempt to identify the person responsible for sending the text messages. The unidentified individual in Caro advised Courser that the telephone was subscribed to an individual in Detroit, Michigan and was likely a "burner phone". Courser could not recall the subscriber's name in Detroit.

Courser also advised that he provided the aforementioned information to Lapeer County Sheriff, Ron Kalanquin. Kalanquin advised Courser that due to the fact that the text messages were not threatening violence or attempting to extort money and due to the low probability of identifying the person responsible for sending the text messages, there was nothing the Sheriff's Department could do at this time. Courser then decided to report the incident to the Federal Bureau of Investigation. Courser only told his wife and current staffer that he was going to speak with law enforcement. Courser could

not recall if he told his wife and staffer that he was going to speak with the FBI specifically.

Courser stated that Cindy Camrat is still married to her husband who is not a public official. Courser stated that he believes he will be removed from office by a vote of the House of Representatives after the completion of the investigation regarding whether or not Courser utilized government property during the aforementioned "cover up".

At the completion of the aforementioned interview, Special Agent (SA) Joseph Vandenbossche reviewed Courser's cellular telephone; specifically the text messages sent from telephone number (313) 421-5345. The aforementioned text messages identified the sender's personal cellular telephone number as (517) 643-0013, and suggested that the sender met with the Speaker of the House on August 3rd. The text messages also indicated that the sender knew that Courser returned to the United States on June 9th and that Courser recently traveled to Washington DC.

On August 12, 2015, SA Vandenbossche met with Assistant United States Attorney (AUSA) Craig Wininger regarding the captioned matter. AUSA Wininger and SA Vandenbossche agreed that an assessment would be conducted in an attempt to identify the user of telephone numbers (313) 421-5345 and (517) 643-0013.

On August 12, 2015, checks were conducted for the aforementioned telephone numbers through Targus, Sentinel, DIVS, and Telephone Applications with negative results. Open source searches through CLEAR revealed that telephone number (313) 421-5345 is a wireless number issued to New Cingular Wireless, affiliated with AT&T wireless, and subscribed to Renay Leach, date of birth September 17, 1971, Social Security Number 365-94-1966, address 18300 Negaunee, Redford, Michigan 48240. Telephone number (517) 643-0013, is a wireless number issued to Verizon Wireless, and subscribed to Melissa Claflin, address 1749 Huntsville Drive, Apartment C, Haslett, Michigan 48840. No identifiable records were located in a Google search for Renay Leach,
